ESPEE STEAMER HALTED BY A CRUISER

British Man-of-War Examines
Papers of American Ship
Momus Off N. J. Coast

PASSENGERS STRICKEN
WITH NEAR PANIC

Becalmed Schooner Is Given
Provisions; Crew Refuses
To Leave

NEW ORLEANS, Sept. 24.—Passen-
gers who were aboard the Southern
Pacific Steamer Momus, which arrived
here today, stated that a British
cruiser halted the vessel off the New
Jersey coast and examined her papers.
She was at once permitted to pro-
ceed. The passengers were nearly
panic stricken, fearing the warship
intended to sink the Momus.

When off the Florida coast the
Momus met a becalmed schooner the
Scheerfeld. The crew was starving,
the Momus replenished the supplies
of the vessel and then the sailors of
the Scheerfeld refused to desert their
becalmed schooner.

WILL GET NONE OF
H. FORD'S MILLIONS

NEW YORK, Sept. 24.—Henry Ford
today said emphatically that the Al-
lies' commissioners could not have
one cent of his millions. He served
notice that if any of his bankers
should participate in the proposed
half billion deal, he would withdraw
his accounts. He said: "Militarists
want the loan to be successful. They
will profit most by it. If I had my way
I would tie a can to these commis-
sioners and send them back where they
came from."

SAN DIEGO MAN GETS
MAGNIFICENT OFFER

SAN DIEGO, Sept. 24.—Col. D. C.
Collier, the San Diego exposition
founder, is considering a proposition
to accept the Presidency of the South
American States' Association at New
York, with a salary of \$20,000 a year.
It is proposed to build a magnificent
structure in the center of the metrop-
olis to house the association. Collier
will in all probability accept the offer.

MISSION DAY RELICS
FOUND IN PASADENA

PASADENA, Sept. 24.—F. L. Bal-
linger of 482 Ashtabula street has dug
up a number of old relics of mission
days at his ranch southeast of Pa-
sadena. He discovered a new cache on
his property yesterday. The two most
important things found were an old
key, which he believes was one of
the keys to the great door of the
San Gabriel Mission, and a small
pioushore made to be used on the
end of a wooden plow.

ENCAMPMENT OF VETERANS TO BE FEATURED

Greetings From Spanish War
Survivors To the Old, Old
Boys At Washington

WASHINGTON, D. C., Sept. 24.—
One of the interesting features of the
forty-ninth national encampment of
the Grand Army of the Republic at
Washington, D. C., will be the official
and formal presentation of greetings
from the younger veterans of the war
with Spain to the grim old fighters of
the civil war. This presentation of
good wishes and comradeship will be
made in pursuance of a resolution a-
dopted by a unanimous rising vote at
the recent encampment of the United
Spanish War Veterans at Scranton,
Pa. Colonel L. C. Dyer, representative
in Congress from Missouri and the
newly elected commander-in-chief of
the U. S. W. V., in a communication to
Col. John McKelroy, Commander of the
Department of the Potomac, G. A. R.,
states that he will name a committee
to make the presentation of greetings
in open convention.

Commander-in-chief Dyer also re-
quests permission to provide an hon-
orary and personal escort of 100 uni-
formed Spanish War Veterans for Gen-
eral Nelson A. Miles in the big parade.
General Miles is a past commander-in-
chief of the United Spanish War Vet-
erans, having been elected when the
organization was in its infancy. He
will be honorary grand marshal of the
parade at the G. A. R. encampment.
General Miles was the highest officer
in the American army during the war
with Spain. He is also a veteran of
the Civil War.

THIS is Vilhjalmur Stefansson,
who, after eighteen months,
during which time he had
been given up as lost in the wilds
of the Arctic, has sent word he is
safe. He went for the Canadian
government to get more infor-
mation about the white race.

PEOPLE WATCH SEE WOMAN KILLED

Girl Shot While Standing Be-
side a Dance Partner—
Kills Self With Shot

NAPA, Sept. 24.—While scores of
horrified people watched, Carl Lisher
shot and killed Lillian Behrens and
then committed suicide during a big
dance of the Native Sons in their hall.
It is believed he was jealous.

The two had been close friends for
many years. It was thought they were
engaged. Last night Lisher's face was
ashen as he entered the refreshment
room. He shot the girl standing be-
side her dance partner, Cecil Wil-
liams. Then he placed the gun in his
own mouth and fired. He died instan-
tly. The girl lived ten minutes. Her
parents were standing in the main
dance hall and heard the shots. The
mother fainted. The affair created a
small panic.

STATE GIVES BIG TAX BACK TO THE HEIRS

LOS ANGELES, Sept. 24.—A deci-
sion of the State Supreme Court re-
ceived yesterday approves the valua-
tion of \$1,133,486 on the estate of the
late John R. Vogel fixed by the local
probate court, and as a result \$21,782
will be returned to the heirs, this
amount representing a reduction in
the amount of inheritance tax. The
state officials, in computing the inher-
itance tax, based the figure on a val-
uation of \$1,566,113.

The heirs, among whom the \$21,782
will be distributed, are Mrs. Louise M.
Vogel, the widow; R. Fred Vogel and
Herman O. Vogel, sons, and Mrs.
Amanda M. Slater, a daughter.

ASK DELAY TO STUDY SO. AMERICAN TRADE

WASHINGTON, Sept. 24.—Post-
ponement until April 3, 1916, of the
first session at Buenos Ayres of the
American International High Commis-
sion on Uniformity of Laws relating
to trade and finance is recommended
in a resolution adopted here yester-
day by the United States section of
the commission.

The members of the section decid-
ed that Nov. 1, the date originally pro-
posed, would not give sufficient time
for the preparation of the data.

With Paul M. Warburg of the Fed-
eral Reserve Board, the commission-
ers discussed Secretary McAdoo's sug-
gestion that joint sections of the Fed-
eral Reserve Banks be established in
Latin-American republics.

CAPTURED FRESHMEN COMPELLED TO HIKE

REDLANDS, Sept. 24.—The annual
class scrap at the University of Red-
lands began Wednesday night, the
sophomores capturing three freshmen,
taking them into the country in auto-
mobiles. After a roundabout drive of
a couple of hours, they were dumped
into the highway. They were com-
pelled to walk into the city, getting
here about 4 o'clock yesterday morn-
ing.

SALOONS AND CHURCHES

ST. PAUL, Minn., Sept. 24.—Some
warden in St. Paul contain one saloon
for every thirty-one male voters while
they contain only one church for ev-
ery 1145 male voters, according to a
report made by Rev. A. J. D. Haupt.

BATTLE BETWEEN AMERICANS AND MEXICANS

One American Killed and Two
Wounded In Daylight
Battle Today

MEXICANS SURROUND
SMALL DETACHMENT

Arrival of Reinforcements All
That Saved Northerners
From Being Wiped Out

BROWNSVILLE, Sept. 24.—A day-
light battle between Americans and
Mexicans is now in progress. One
American soldier has been killed while
two were wounded. The meager dis-
patches stated that the Mexicans had
surrounded a small detachment of A-
merican troops and threatened them
with annihilation until reinforcements
had arrived. The soldiers were com-
ing from Mercedes and had been seek-
ing some Mexican bandits who had
scattered through the brush country.
The county officers fought these band-
its near the Hidalgo county boundary
line. In this fight three Mexicans
were killed and five were wounded.

Later reports said that the Mexi-
cans attacked the American soldiers
while asleep and the Americans woke
and fled, abandoning their rifles which
the Mexicans seized. Then the Mexi-
cans fled after some little fighting.
They took the rifles with them.

WASHINGTON, Sept. 24.—The
State Department advises today said
the Zapatistas are trying desperately
to isolate Mexico City. They are
dynamiting trains. They have killed
trainmen bound to the capital. They
have also destroyed a freight train
fifty miles from Mexico City. The
wreckage obstructed traffic for twenty-
four hours. An official message has
confirmed Matoren's victory over the
Carranzaists in Northern Sonora.

CAMP '49' CLOSED UP AT BAY CITY FAIR

SAN FRANCISCO, Sept. 24.—Mod-
ern civilization suppressed a bit of
local color yesterday in the "gambling
hell" of the "49 Camp" at the Panama
Pacific exposition, when Frank Burt,
director of concessions, ordered
gambling to cease in the camp, where
thirteen roulette wheels turned, a faro
banker raked in his winnings and
"bones" rolled on crap tables, accord-
ing to charges filed by Matt I. Sullivan.

Mr. Sullivan, as president of the
California Commission to the expo-
sition, protested against the alleged
gambling and declared that if the di-
rectors did not stop it the police
would. Scrip, it was alleged, was used
at the gambling tables, but it was
redeemable at various places.

SOVEREIGN ODD FELLOWS ARE THROUGH

Atlanta Chosen As Next Place
of Meeting—Centennial
Be In Baltimore

SAN FRANCISCO, Sept. 24.—The
Sovereign Grand Lodge of Odd Fel-
lows has concluded its convention.
Atlanta was selected as the next meet-
ing place. The hundredth anniver-
sary of the founding of Odd Fellow-
ship will be in 1919. It was decided
to hold the Sovereign Lodge celebra-
tion in Baltimore, where the order be-
gan its career. Gen. A. R. Sacker was
appointed commander-in-chief of the
Patriarchs Militant branch of the
order.

ROAD IN SANTA ANA CANYON SOON TO BE UNDER WAY, REPORT

CORONA, Sept. 24.—Within a day
or two the Isbell Construction Com-
pany, to whom was awarded the con-
tract for the improvement of the
Santa Ana canyon road from Scully's
ranch to Corona and Magnolia avenue
from Arlington to Riverside, will be
at work on the road. The engineers
of the county highway commission
are at work in the Santa Ana canyon,
running lines and setting the stakes
so that the construction company can
immediately begin work. The canyon
road will be improved first, the com-
pany gradually working its way to-
ward this city. The Magnolia avenue
improvement will then be made. Due
to the fact that the canyon road will
be badly torn up during the improve-
ment, warnings have been issued to
motorists to go by way of Pomona
and Ontario when en route from Riv-
erside resorts.

THIS is the first photograph of the British and French financiers in conference in New York over the loan of \$500,000,000 or \$1,000,000,000, which they had hoped to get from the American people. While they were talking the subject over the Germans who have been making threats against the financiers and those who may help them, sent to Wall street five sandwich men to parade in front of the bank of J. P. Morgan & Co. This is one who was told by a policeman to "move on." From left to right: Sir Henry B. Smith, English; Octave Homberg, French; Baron Reading, English; Sir Edward Holden, English; Ernest Mallet, French; Basil B. Blackett, English.

IMMENSE LOAN MAY BE CUT IN TWO

Whole Matter May Come to
Nothing; Many Bankers
Denied Participation

RUSSIA WILL NOT BE IN NEGOTIATIONS

Commission Hedges Behind
Wall Which None Can
Climb But Morgan's ilk

NEW YORK, Sept. 24.—It is now
definitely known that everything per-
taining to the big loan to the Allies
is "up in the air." The whole tenor
of which it was to be secured having
been discarded and even the amount
asked for has been cut down to about
one-half what the Allies wanted in the
first place.

It has been finally decided that Rus-
sia will not be associated with the
bond issue to secure the loan, even
if the latter is finally consummated.
As it is now certain that terms
will be agreed upon, there remains
the possibility that nothing whatever
will result from the negotiations
which may all fall through at the last
minute.

The Anglo-French commissioners
have built an exclusion wall about
themselves which bankers complain
can be entered only by J. P. Morgan
and those closely associated with him.

Lord Reading, chairman of the com-
mission, is said to have seen one or
two members of so-called German
banking firms on the quiet, but the
majority of substantial bankers and
heads of bond firms have been denied
all occasion to take part in discus-
sion of the loan.

Even Sir Edward H. Holden, al-
though having many banking friends
in New York as well as in the South
and Middle West, has not once been
seen in the financial district visiting
important bankers—with the excep-
tion, of course, of Mr. Morgan and his
partners.

MORGAN AND COMPANY ARE OF THE ELECT

So far the negotiations have been
almost wholly between the British
delegation and the fiscal agents of
the British government, a circum-
stance which is beginning to excite
severe criticism. Morgan and com-
pany, it is commented by those shut
out from the daily powwows of the
endeavoring to raise cash to pay for
goods they themselves have ordered.
J. P. Morgan & Company, it is re-
marked, are not national bankers al-
though the loan to be a success must
be handled, bankers point out, chiefly
by the 7500 national banks throughout
the country.

The urgent suggestion has been
made to the Morgan interests that it
would be fitting were the commission
to invite for a conference the execu-
tive committee of the American Bank-
ers' Association, the great representa-
tive banking institution of the United
States.

VICE-PRESIDENT MARSHALL NOT IN FAVOR

Extra Session of Senate Idea
Fails to Make a Hit With
Man Who Presides

BY BOND P. GEDDES
(United Press Staff Correspondent)

WASHINGTON, Sept. 24.—"We
don't want to be attending a vaude-
ville performance while church is go-
ing on."

This epigram by Vice President
"Tom" Marshall was spoken in an ex-
clusive United Press interview in
which he urged Congress and the pub-
lic should have the soft pedal on pol-
itics during our critical foreign re-
lations. In this connection Mr. Mar-
shall opposed the proposed extra Sen-
ate session. He said:

"I have been in more than three
fourths of the states since Congress
adjourned. Everywhere the rank and
file of citizens were not discussing
old-fashioned politics. They were too
much interested in the war, especial-
ly the President's efforts to maintain
peace with honor. I shall soon see
the President, but will not deign to
offer my prejudiced advice concerning
this extra session."

"Any discussion of the President's
handling of international affairs at
this time would be inopportune. He
needs no defense, only praise."

When asked if he expected a re-
nomination, he said: "That depends
on what the Democrats think I never
sought any political nomination or of-
fice. If the convention nominates me
with the President I will accept glad-
ly. If it doesn't, I will still be satis-
fied."

No Strike of Electric Workers

PITTSBURG, Sept. 24.—The West-
inghouse Electric Company workers
today decided to defer their strike ac-
tion until next Thursday. They work-
ed as usual today.

Iron Workers at Fair

SAN FRANCISCO, Sept. 24.—This
was Iron Worker's day at the expo-
sition. The delegates from the eight-
eenth annual convention of the Inter-
national Association of Bridge and
Structural Iron Workers, members
and other officials of the local union
have gathered on the exposition
grounds to participate in the cere-
monies.

Thousands See Funeral

LOS ANGELES, Sept. 24.—Eighteen
hundred attended the funeral of the
late Bishop Conaty, an St. Vibiana's
Cathedral today. There was a great
crowd outside the church, on roofs
and in windows. The impressive sol-
emn requiem mass was conducted by
Bishop Grace of Sacramento. Arch-
bishop Hanna of San Francisco deliv-
ered the funeral oration.

BODY OF ARABIC VIITIM WASHES ASHORE

LONDON, Sept. 24.—The body of
Mrs. Josephine Brugniere, former re-
sident of New York and San Francisco,
who was a victim of the torpedoing of
the liner Arabic, has been washed
ashore on the Irish coast.

SUBMARINES STILL ON THE JOB

LONDON, Sept. 24.—A submarine
today destroyed the Harrison liner.
Chancellor. Part of the crew were
rescued and lifeboats are seeking the
missing.

PRINCE REPORTED KILLED

VIENNA, Sept. 24.—Prince Freder-
ick of Thurn-Taxis was killed in the
Galician fighting last Monday, it is of-
ficially announced.

COLLIDING LOCOMOTIVES EXPLODE

OSMAHA, Sept. 24.—A southbound
passenger train and a northbound
freight train collided today at Orea-
polis, Nebraska. Both engines explod-
ed. M. Sherlock of Kansas City, a
veteran engineer, and H. C. Goodman,
his fireman, were killed. Several
others were fatally injured.

JEWELS SEIZED FROM EXHIBIT OF JAPS

Gems Offered For Sale Are
Bone of Contention Be-
tween Commissioners

SAN FRANCISCO, Sept. 24.—Trou-
ble between the American government
officials and the exposition's Japanese
commissioners seems to be imminent
as a result of the customs officials'
seizure of fifteen rare gems from the
Jap exhibitors. Already the situation
has resulted in diplomatic exchanges.
The exhibitors refused to deliver the
jewels until the government authori-
ties had threatened to smash a large
safe. The customs officials claim
that the gems are in bond and could
not be legally sold.

Police Looking For NEW ORLEANS MAN

SAN FRANCISCO, Sept. 24.—The
police here are seeking Charles E.
George, a prominent attorney and
New Orleans clubman. He is a sus-
pected bigamist. Mrs. Ritter George
of Milwaukee says the fugitive is
"much married." She alleges he has
four wives. Mrs. Ida George sued
him, demanding a separate main-
tenance, three years ago, claiming he was
twice wed previously.

Robbed In Jail

GRAND FORKS, N. D., Sept. 24.—
That he was robbed in jail, was the
complaint of John George, a Turk
George said he secreted \$400 from
guards, when imprisoned, but told a
fellow prisoner about it. Guards heard
a commotion, and rescued George.
His complaint was that his antagonist
had stolen his \$400. The guards could
not find the money.

KING OF GREECE PROMULGATES DECREE

Ruler of Greeks Mobilizes 20
Army Divisions; Calls Re-
servists to Colors

BRITISH SINK THREE TURKISH TRANSPORTS

Grecian Premier Will Ask the
King For Order to Mob-
ilize Entire Army

LONDON, Sept. 24.—The censor
drew a veil of secrecy today over the
Balkan situation. Scarcely a hint of
the proceedings has reached London.
That Czar Ferdinand would be dis-
covered heading the Bulgarians, ready to
strike. The Balkan race appeared to
be set, ready for a touch of a match.
Austria and Germany have massed a
million troops to smash through Ser-
bia to Turkey. The allied press fully
realizes the gravity of the situation.
At Petrograd the papers express no
surprise and regard affairs as "ex-
tremely serious." The Paris journals
declared that conditions are "grave."

Reservists Called to Colors

LONDON, Sept. 24.—King Const-
antine of Greece, has promulgated a de-
ree mobilizing at least twenty of the
Greek army divisions. Athens dis-
patches say that Greece has decided
to immediately mobilize. Premier
Venizelos intends to ask the king to
sign a general mobilization order at 4
o'clock this afternoon. Rome reports
say that all Greek reservists in Italy
have been called to the Greek colors.

British Sink Turkish Ships

PARIS, Sept. 24.—The British sank
three Turkish transports yesterday. A
British aviator bombed and sank
one in Nagara Bay. British sub-
marines torpedoed the other two in
Ak-Bachi Bay, "under difficulties," it
was officially announced.

An official statement today said in-
fantry fire has been lulled and the
Turkish artillery fire is capricious.
Sometimes they seem to lack ammu-
nition while at others the fire has a
maximum rapidity but does little dam-
age. The Turkish aeroplanes are
most inactive, while those of the allies
seem to be very active.

French Bombardment Batters Works

PARIS, Sept. 24.—The French bom-
bardment has battered the German
works into debris, it is officially stated,
at Champagne and Arras, in the Ar-
gonne district. German blockhouses,
trenches and encampments have been
demolished around Royes. The Ger-
mans hurled gas bombs ineffectually,
the French using respirators. Near
Breten Court a German patrol at-
tempted a surprise attack on the
French outposts but were repulsed
with great loss.

King Constantine Signs Decree

ATHENS, Sept. 24.—King Const-
antine has signed the decree for general
mobilization of the Greek land forces.
Parliament has been summoned to
convene on Wednesday in order to
vote on the proposed military mea-
sures.

Germans Recapture Positions

BERLIN, Sept. 24.—It is official-
ly announced that the Germans have re-
captured Rose and Steigle, two towns
thirty-four miles southeast of Riga.
Prince Leopold of Bavaria broke the
Russian resistance on a wide front.
Spanish papers received here stated
that a German submarine has sunk
several French, Russian and British
merchantmen in the Mediterranean.
It is officially admitted that Von Mac-
kenzen has retreated behind the Ogin-
ski canal, abandoning his attempts to
reach the Vinn-Ravno railway. The
Russians now threaten to turn both
Von Mackenzen's flanks.

German industrial associations have
issued a warning against participation
in the allied-American loan by firms
doing German business, saying it
would be considered a justification for
breaking off commercial relations.

Russians Claim Victory

PETROGRAD, Sept. 24.—The war
office today claimed that the Russians
have defeated the Germans and Aus-
trians, along the Swina river, twenty-
seven miles southeast of Riga. Gen-
eral Ruskay has routed the Germans
and General Ivanhoff surrounded and
captured 1500 Austrians in four vil-
lages. In the southeast the Russians
are driving the Germans westward
along a one hundred and fifty mile
front.

VALENCIA ORANGES BRING HIGH PRICES

POMONA, Sept. 24.—The 1915-16
citrus shipping season opened in Po-
mona yesterday with the shipment of
several cars of Valencia oranges. The
fruit is bringing the highest prices in
several years. The packing houses in
the San Antonio Exchange have a
hundred cars of Valencia still to ship.
The houses shipping are at La Verne,
Indian Hill and Colgate Heights.

NAPOLEON HALL MOBILIZES THIS YEAR'S CREW OF GRIDIRONITES

Takes Off His Coat; Wades Into Grim Business Of Hard Campaign

MATERIAL LIGHT, SO SPEED WILL BE NEEDED

Says Bunch Has Worlds Of Grit, and Oodles of Determination

Napoleon Walter Hall, chief of staff of the Santa Ana Polytechnic High School football corps, has put on his fighting pants, his campaign tennis shoes, doffed his coat and hat, spat on his hands and waded into the grim business of constructing a championship team.

A serious atmosphere hangs about the Polytechnic athletic field these days. The visitor who goes there to give the proceedings the once over is at once struck by the total absence of kidding and facetiousness.

Sweat of Their Brows

The second team squad is equally as earnest as the first team contingent. When one sees the sweat rolling off the struggling heroes, the business-like appearance of the uniforms and the utter disregard for possible bumps and contusions, one becomes absolutely convinced that playing football is not altogether a business for mollycoddles.

As usual, Coach Hall is optimistic. He admits that the material he has to work with this year is light but he doesn't deplore the fact.

Will Develop Speed
Like a good campaigner, if his material lacks in one important particular, he immediately casts about to see what can be done to offset the discrepancy. In this case Hall will bend every effort toward turning out a team that can be depended upon to make points by the use of speed and whip-like precision in pulling off plays.

It must not be taken for granted that every man on the prospective team is a lightweight; there are several huskies on the team who for beef and brawn compare favorably with any who have made up Southern prep-school teams in the South in recent years.

Several Huskies
For instance, there is a towering freshman from Tustin by the name of Raymond Marsile, who yesterday evening was being played at guard and making good with a vengeance. Opposing teams this season will certainly have to reckon with that boy.

The initial appearance of things this season is not nearly so favorable as it was last year. Captain "Stew" Stewart and Best are the only two men of last year's team working at present. Still, things might be worse, as Hall cheerfully puts it.

Kenyon is another freshman from Tustin who is showing a great deal of promise.

Still Switching
It is yet too early in the season for Hall to have definitely decided as to what men will play certain positions. He is switching his men about, trying this, that and the other. As a

result of this the men are gaining a good deal of valuable knowledge of the machinery of football.

Beach, Sprinkle, P. Plavan, Keeney, Covington, McVey, Lee Paul, Trago, McClain, Brown and Robinson are being put through their paces every night. Each is showing promise and each is certain to have a chance at the "big stuff" this season.

Schedule

Following is the schedule as arranged for the City League, the places at which the games will be played to be decided upon at a meeting to be held in Los Angeles on September 30:
Saturday, October 2—Santa Ana plays Long Beach.

Friday, October 8—L. A. High vs. Hollywood, Manual Arts vs. Santa Ana, Polytechnic vs. Pasadena, Long Beach idle.

Friday, October 15—L. A. High vs. Santa Ana, Polytechnic vs. Long Beach, Hollywood vs. Pasadena, Manual Arts idle.

Saturday, November 6—L. A. High vs. Polytechnic, Manual Arts vs. Pasadena, Hollywood vs. Long Beach, Santa Ana idle.

Saturday, November 13—Manual Arts vs. Polytechnic, Hollywood vs. Santa Ana, L. A. High, Pasadena and Long Beach idle.

Wednesday, November 24—L. A. High vs. Manual Arts, Polytechnic vs. Hollywood, Pasadena vs. Long Beach, Santa Ana idle.

SAVAGE TIRE GIVES REMARKABLE SERVICE

According to a statement issued by the Savage tire people, a 35x4½ Savase tire that had served 14,127 miles on a Kissel car truck was turned in at the San Diego Savage branch store recently. This tire was bought in July, 1914, and has been in continuous service since. It has served throughout without a puncture and has given absolutely no trouble.

The Ingle Manufacturing Company, of San Diego, used the tire and say that while this one has given the best service of any tire that they have used, that such service is just about what they expect from every Savage tire they buy.

HERE are three little girls, the youngest less than five years of age, who can swim better than most of the men who think they know all about the water. Florence McLaughlin of Philadelphia is only eleven, but she swam ten miles in the Delaware River in 3 hours and 20 minutes. She is also a fancy diver and has performed feats of life saving. Beatrice Whitlam of Philadelphia, five years, swam 320 yards in 13 minutes. That is probably the best record any child anywhere near her age ever made. Josephine Hose of St. Louis competed in a two mile course in the Mississippi River against full grown women and was among the leaders at the finish.

Trojans FACE ONE OF BEST SEASONS

"This will be the best season U.S.C. has ever had," declared Student Athletic manager Fred Teschke at the end of a week's practice of the Trojans. With eleven veterans from last year's squad on the field, and a large amount of fresh material on hand including stars from a number of Southern California high schools, Coach Glaze is justified in feeling that he has every chance to come out at the end of the season with colors flying. The members of last year's squad who are back are Hanes, Lucas, and Rapp, at guard; Ortley and Sprout, tackles; Craig and Leo Livernash at the ends; Kelly, Elmore and Capt. Len Livernash in the backfield; Hallaway at quarter. Among the new men who seem to give the most promise are Fox and Curry, a brace of likely tackles; Dalin, Perkins and Marxen of last year's Freshman team; and Godschall, a husky player from the College of Medicine. Harris Schwamm and Bonnell are all heavy men, and all out for guard. Marshall from Long Beach, weighs nearly 200 pounds and is working hard for the place of center. Work from Venice, is living up to his cognomen with ambitions for the same position. Werner is putting up a good fight for a place as end, while Murray and Malette are both out for quarter. While it is still too early to predict the lineup, it is certain that the line will be unusually heavy—at least 185 pounds to the man.

A feature of the early season practice is the tackling dummy which is used by the coach Glaze early and late. Every candidate has to spend a goodly part of his time in learning to tackle low and hard.

Week end journeys to the nearby beaches are on the training program for the Trojan squad this year. A day at the seashore and a swim in the ocean seem to be just what is needed to put ginger in the team, while the hard sand affords an excellent training ground for working out team plays.

Graduate manager Warren Bovard is in correspondent with St. Mary's College in Oakland, with a view of arranging games with them this fall. On October 16th the football teams may meet in the south, and St. Mary's would like a return game a little later in the year. The eleven from the Oakland school is known as being fast and heavy and they would give the Trojans a stiff battle.

RETURN FROM BIG GAME HUNT TRIP

George Briggs and son, Coyle, of 644 North Broadway, have returned from a six-weeks' hunting trip to the Jackson Hole country in Wyoming. They were accompanied by Oscar Lawlor of Los Angeles. Each succeeded in getting the limit of elk. Grouse were plentiful and Briggs reports that the expedition was one of the most successful he has ever undertaken.

WISCONSIN M. E.'S BAN SUNDAY MOTOR RIDES

Pleasure-riding in motor cars on Sunday is under the ban of the Methodist Episcopal church of Wisconsin, according to resolutions passed at the annual convention of the West Wisconsin M. E. Conference in Eau Claire. All communicant members of the church are appealed to and strictly urged to obey and observe the rules against laboring on the Sabbath. Among the Sunday acts upon which a ban is placed are: Reading or advertising in Sunday newspapers; riding or driving a motor car on Sunday; riding on trains; attending sports theaters, picture shows, etc. The ban on motoring, the resolution says, arises from the fact that "it is causing so many Christians to backslide."

DALLAS, TEXAS, MAY HAVE BIG SPEEDWAY

DALLAS, Tex., Sept. 23.—There is a movement on foot in Dallas to have erected a speedway along the lines of the Chicago track. Definite plans probably will be made soon to carry out the work. It is pointed out that between the time of the New York races at Sheepshead Bay and those at Chicago in October and the grand prize and Vanderbilt races in California in the winter there is a period when the star drivers are idle and would be glad to come to Dallas as a stopping point on their trip from the east to the west. It is suggested that a purse of \$25,000 be offered.

The 1916
COLE 8

The Standardized Car

Unusual Speed Unusual Safety Unusual Comfort

If SPEED is your first requirement in a motor car, you can get it in a Cole Eight—more than sixty miles an hour. If you consider SAFETY above all other things, you will find it in the instant control of the marvelous power that gives this speed. If you value COMFORT most, you'll find freedom from swaying, from jolting, from rocking, in this remarkable car.

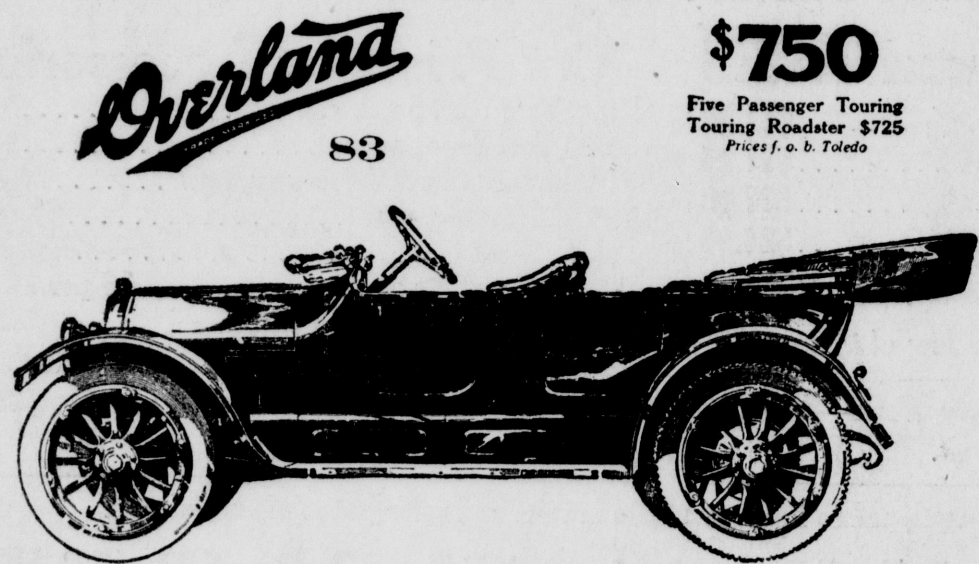

It is the combination of these three unusual points of superiority that makes the Cole Eight the dominant car of the multiple cylinder type.

Try out the Cole Eight and know its efficiency. The minute you sit in its deep, roomy, finely upholstered seats, you'll feel at ease—and the feeling will grow with the passing miles. The quiet-running engine will make you think only of wonderful energy that will take you with ease wherever you wish without picking the roads. We'll be glad to prove by demonstration that the Cole Eight is the car for you. Shall it be today?

How Magneto Ignition Gives Increased Power

Power, in a motor car, depends largely on ignition.

In many cars the old form of battery ignition is still used, because it lowers the cost of manufacture.

Practically all high priced cars have magneto ignition.

High tension magneto ignition is used on all Overland cars because—

it gives faster getaway—makes a livelier motor—gives more power at all speeds.

And due to this hot spark, which increases in heat as the motor increases speed, magneto ignition develops more power.

Call, 'phone or write for demonstration.

This is the largest 4-cylinder Overland that will be produced this year

DENY NERVOUS WOMAN JITNEY CITY LICENSE

Hartford, Conn., jitney drivers; besides being required to take out a city license, which costs \$10 must pass an examination before the police department mechanic. One woman applied for a license this week, but was so nervous in the trial run the license was refused.

EXTRA DIVIDEND IS DECLARED BY REO

In addition to the regular quarterly dividend of two and one half per cent, the Reo Motor Car Co., Lansing, Mich., will pay an extra cash dividend of twelve and one half per cent October 1, to stockholders of record September 30. The stockholders of the Reo Motor Truck Co. will be paid a cash dividend of ten per cent on the same date.

200-ACRE TRACT TO BE USED BY FORD

DETROIT, Mich., Sept. 23.—There is an unconfirmed report afloat that Henry Ford has purchased a 200-acre tract near Libertyville, Ill., for a demonstration ground for the Ford tractor and that later an assembly plant will be erected there when the building of tractors starts in Detroit.

ESPEE STEAMER HALTED BY A CRUISER

British Man-of-War Examines
Papers of American Ship
Momus Off N. J. Coast

PASSENGERS STRICKEN WITH NEAR PANIC

Becalmed Schooner Is Given
Provisions; Crew Refuses
To Leave

NEW ORLEANS, Sept. 24.—Passen-
gers who were aboard the Southern
Pacific Steamer Momus, which arrived
here today, stated that a British
cruiser halted the vessel off the New
Jersey coast and examined her papers,
she was at once permitted to pro-
ceed. The passengers were nearly
panic stricken, fearing the warship
intended to sink the Momus.

When off the Florida coast the
Momus met a becalmed schooner the
Scheerfeld. The crew was starving,
the Momus replenished the supplies
of the vessel and then the sailors of
the Scheerfeld refused to desert their
becalmed schooner.

WILL GET NONE OF H. FORD'S MILLIONS

NEW YORK, Sept. 24.—Henry Ford
today said emphatically that the Al-
lies' commissioners could not have
one cent of his millions. He served
notice that if any of his bankers
should participate in the proposed
half billion deal, he would withdraw
his accounts. He said: "Millionaires
want the loan to be successful. They
will profit most by it. If I had my way
I would tie a can to these commis-
sioners and send them back where they
came from."

SAN DIEGO MAN GETS MAGNIFICENT OFFER

SAN DIEGO, Sept. 24.—Col. D. C.
Collier, the San Diego exposition
founder, is considering a proposition
to accept the Presidency of the South
American States' Association at New
York, with a salary of \$20,000 a year.
It is proposed to build a magnificent
structure in the center of the metrop-
olis to house the association. Collier
will in all probability accept the of-
fer.

MISSION DAY RELICS FOUND IN PASADENA

PASADENA, Sept. 24.—F. L. Bal-
lenger of 482 Ashland street has dug
up a number of old relics of mission
days at his ranch southeast of Pa-
sadena. He discovered a new cache on
his property yesterday. The two
most important things found were an
old key, which he believes was one
of the keys to the great door of the
San Gabriel Mission, and a small
playshare made to be used on the
end of a wooden plow.

ENCAMPMENT OF VETERANS TO BE FEATURED

Greetings From Spanish War
Survivors To the Old, Old
Boys At Washington

WASHINGTON, D. C., Sept. 24.—
One of the interesting features of the
forty-ninth national encampment of
the Grand Army of the Republic at
Washington, D. C., will be the official
and formal presentation of greetings
from the younger veterans of the war
with Spain to the grim old fighters of
the civil war. This presentation of
good wishes and comradeship will be
made in pursuance of a resolution a-
dopted by a unanimous vote at the
recent encampment of the United
Spanish War Veterans at Scranton,
Pa. Colonel L. C. Dyer, representative
in Congress from Missouri and the
newly elected commander-in-chief of
the U. S. W. V., in a communication to
Col. John McElroy, Commander of the
Department of the Potomac, G. A. R.,
states that he will name a committee
to make the presentation of greetings
in open convention.

Commander-in-chief Dyer also re-
quests permission to provide an hon-
orary and personal escort of two uni-
formed Spanish War Veterans for Gen-
eral Nelson A. Miles in the big parade.
General Miles is a past commander-in-
chief of the United Spanish War Vet-
erans, having been elected when the
organization was in its infancy. He
will be honorary grand marshal of the
parade at the G. A. R. encampment.
General Miles was the highest officer
in the American army during the war
with Spain. He is also a veteran of
the Civil War.

government to get more infor-
mation about the white race.

PEOPLE WATCH SEE WOMAN KILLED

Girl Shot While Standing Be-
side a Dance Partner—
Kills Self With Shot

NAPA, Sept. 24.—While scores of
horrified people watched, Carl Lisher
shot and killed Lillian Behrens and
then committed suicide during a bal-
dance of the Native Sons in their hall.
It is believed he was jealous.

The two had been close friends for
many years. It was thought they were
engaged. Last night Lisher's face was
ashen as he entered the refreshment
room. He shot the girl standing be-
side her dance partner, Cecil Wil-
liams. Then he placed the gun in his
own mouth and fired. He died instan-
tly. The girl lived ten minutes. Her
parents were standing in the main
dance hall and heard the shots. The
mother fainted. The affair created a
small panic.

STATE GIVES BIG TAX BACK TO THE HEIRS

LOS ANGELES, Sept. 24.—A de-
cision of the State Supreme Court re-
ceived yesterday approves the valua-
tion of \$1,133,486 on the estate of the
late John R. Vogel fixed by the local
probate court, and as a result \$21,782
will be returned to the heirs, this
amount representing a reduction in
the amount of inheritance tax. The
state officials, in computing the in-
heritance tax, based the figure on a val-
uation of \$1,566,113.

The heirs, among whom the \$21,782
will be distributed, are Mrs. Louise M.
Vogel, the widow; R. Fred Vogel and
Herman O. Vogel, sons, and Mrs.
Amanda M. Slater, a daughter.

ASK DELAY TO STUDY SO. AMERICAN TRADE

WASHINGTON, Sept. 24.—Post-
ponement until April 3, 1916, of the
first session at Buenos Ayres of the
American International High Commis-
sion on Uniformity of Laws relating
to trade and finance is recommended
in a resolution adopted here yester-
day by the United States section of
the commission.

The members of the section decided
that Nov. 1, the date originally pro-
posed, would not give sufficient time
for the preparation of the data.

With Paul M. Warburg of the Fed-
eral Reserve Board, the commission-
ers discussed Secretary McAdoo's sug-
gestion that joint sections of the Fed-
eral Reserve Banks be established in
Latin-American republics.

CAPTURED FRESHMEN COMPELLED TO HIKE

REDLANDS, Sept. 24.—The annual
class scrap at the University of Red-
lands began Wednesday night, the
sophomores capturing three freshmen,
taking them into the country in auto-
mobiles. After a roundabout drive of
a couple of hours, they were dumped
into the highway. They were com-
pelled to walk into the city, getting
here about 4 o'clock yesterday morn-
ing.

report made by Rev. A. J. D. Haupt.

BATTLE BETWEEN AMERICANS AND MEXICANS

Battle Today

MEXICANS SURROUND SMALL DETACHMENT

Arrival of Reinforcements All
That Saved Northerners
From Being Wiped Out

BROWNSVILLE, Sept. 24.—A day-
light battle between Americans and
Mexicans is now in progress. One
American soldier has been killed while
two were wounded. The meager dis-
patches stated that the Mexicans had
surrounded a small detachment of A-
merican troops and threatened them
with annihilation until reinforcements
had arrived. The soldiers were com-
ing from Merced, and had been seek-
ing some Mexican bandits who had
scattered through the brush country.
The county officers fought these band-
its near the Hidalgo county boundary
line. In this fight three Mexicans
were killed and five were wounded.

Later reports said that the Mexi-
cans attacked the American soldiers
while asleep and the Americans woke
and fled, abandoning their rifles which
the Mexicans seized. Then the Mexi-
cans fled after some little fighting.
They took the rifles with them.

WASHINGTON, Sept. 24.—The
State Department advises today said
the Zapatistas are trying desperately
to isolate Mexico City. They are
dynamiting trains. They have killed
trainmen bound to the capital. They
have also destroyed a freight train
fifty miles from Mexico City. The
wreckage obstructed traffic for twenty-
four hours. An official message has
confirmed Matoren's victory over the
Carranzaistas in Northern Sonora.

CAMP '49' CLOSED UP AT BAY CITY FAIR

SAN FRANCISCO, Sept. 24.—Mod-
ern civilization suppressed a bit of
local color yesterday in the "gambling
hell" of the "49 Camp" at the Panama
Pacific exposition, when Frank Burt,
director of concessions, ordered
gambling to cease in the camp, where
thirteen roulette wheels turned, a faro
banker raked in his winnings and
"bones" rolled on crap tables, accord-
ing to charges filed by Matt I. Sulli-
van.

Mr. Sullivan, as president of the
California Commission to the expo-
sition, protested against the alleged
gambling and declared that if the di-
rectors did not stop it the police
would. Scrip, it was alleged, was used
at the gambling tables, but it was
redeemable at various places.

SAN FRANCISCO, Sept. 24.—The
Sovereign Grand Lodge of Odd Fel-
lows has concluded its convention.
Atlanta was selected as the next meet-
ing place. The hundredth anniver-
sary of the founding of Odd Fellow-
ship will be in 1919. It was decided

tion in Baltimore, where the order be-
gan its career. Gen. A. R. Sacker was
appointed commander-in-chief of the
Patriarchs Militant branch of the
order.

ROAD IN SANTA ANA CANYON SOON TO BE UNDER WAY, REPORT

CORONA, Sept. 24.—Within a day
or two the Isbell Construction Com-
pany, to whom was awarded the con-
tract for the improvement of the
Santa Ana canyon road from Seely's
ranch to Corona and Magnolia avenue
from Arlington to Riverside, will be
at work on the road. The engineers
of the county highway commission
are at work in the Santa Ana canyon,
running lines and setting the stakes
so that the construction company can
immediately begin work. The canyon
road will be improved first, the com-
pany gradually working its way to-
ward this city. The Magnolia avenue
improvement will then be made. Due
to the fact that the canyon road will
be badly torn up during the improve-
ment, warnings have been issued to
motorists to go by way of Pomona
and Ontario when en route from Riv-
erside resorts.

THIS is the first photograph of the British and French financiers in conference in New York over the loan of \$500,000,000 or \$1,000,000,000, which they had hoped to get from the American people. While they were talking the subject over the Germans who have been making threats against the financiers and those who may help them, sent to Wall street five sandwich men to parade in front of the bank of J. P. Morgan & Co. This is one who was told by a policeman to "move on." From left to right: Sir Henry B. Smith, English; Octave Homberg, French; Baron Reading, English; Sir Edward Holden, English; Ernest Mallet, French; Basil B. Blackett, English.

IMMENSE LOAN MAY BE CUT IN TWIN

Whole Matter May Come to
Nothing; Many Bankers
Denied Participation

RUSSIA WILL NOT BE IN NEGOTIATIONS

Commission Hedges Behind
Wall Which None Can
Climb But Morgan's ilk

NEW YORK, Sept. 24.—It is now
definitely known that everything per-
taining to the big loan to the Allies
is "up in the air," the whole terms on
which it was to be secured having
been discarded and even the amount
asked for has been cut down to about
one-half what the Allies wanted in the
first place.

It has been finally decided that Rus-
sia will not be associated with the
bond issue to secure the loan, even
if the latter is finally consummated.
As it is nowise certain that terms
will be agreed upon, there remains
the possibility that nothing whatever
will result from the negotiations
which may fall through at the last
minute.

The Anglo-French commissioners
have built an exclusion wall about
themselves which bankers complain
can be entered only by J. P. Morgan
and those closely associated with him.

Lord Reading, chairman of the com-
mission, is said to have seen one or
two members of so-called German
banking firms on the quiet, but the
majority of substantial bankers and
heads of bond firms have been denied
all occasion to take part in discus-
sion of the loan.

Even Sir Edward H. Holden, al-
though having many banking friends
in New York as well as in the South
and Middle West, has not once been
seen in the financial district visiting
important bankers—with the excep-
tion, of course, of Mr. Morgan and his
partners.

MORGAN AND COMPANY ARE OF THE ELECT

So far the negotiations have been
almost wholly between the British
delegation and the fiscal agents of
the British government, a circum-
stance which is beginning to excite
severe criticism. Morgan and com-
pany, it is commented by those shut
out from the daily powwows of the
inner circles, are in the position of
endeavoring to raise cash to pay for
goods they themselves have ordered.
J. P. Morgan & Company, it is re-
marked, are not national bankers al-
though the loan to be a success must
be handled, bankers point out, chiefly
by the 7000 national banks throughout
the country.

The urgent suggestion has been
made to the Morgan interests that it
would be fitting were the commission
to invite for a conference the execu-
tive committee of the American Bank-
ers' Association, the great representa-
tive banking institution of the United
States.

others were fatally injured.

VICE-PRESIDENT MARSHALL NOT IN FAVOR

Extra Session of Senate Idea
Fails to Make a Hit With
Man Who Presides

BY BOND P. GEDDES
(United Press Staff Correspondent)
WASHINGTON, Sept. 24.—"We
don't want to be attending a vaude-
ville performance while church is go-
ing on."

This epigram by Vice President
"Tom" Marshall was spoken in an ex-
clusive United Press interview in
which he urged Congress and the pub-
lic should have the soft pedal on po-
litics during our critical foreign re-
lations. In this connection Mr. Mar-
shall opposed the proposed extra Sen-
ate session.

"I have been in more than three-
fourths of the states since Congress
adjourned. Everywhere the rank and
file of citizens were not discussing
old-fashioned politics. They were too
much interested in the war, especial-
ly the President's efforts to maintain
peace with honor. I shall soon see
the President, but will not deign to
offer my prejudiced advice concerning
the extra session."

"Any discussion of the President's
handling of international affairs at
this time would be inopportune. He
needs no defense, only praise."

When asked if he expected a re-
nomination, he said: "That depends
on what the Democrats think I never
sought any political nomination or of-
fice. If the convention nominates me
with the President I will accept glad-
ly. If it doesn't, I will still be satis-
fied."

King Constantine Signs Decree
ATHENS, Sept. 24.—King Const-
antine has signed the decree for gen-
eral mobilization of the Greek land forces.
Parliament has been summoned to
convene on Wednesday in order to
vote on the proposed military mea-
sures.

Germans Recapture Positions
BERLIN, Sept. 24.—It is officially
announced that the Germans have re-
captured Rose and Stegge, two towns
thirty-four miles southeast of Riga.
Prince Leopold's Bavarians broke the
Russian resistance on a wide front.
Spanish papers received here stated
that a German submarine has sunk
several French, Russian and British
merchantmen in the Mediterranean.
It is officially admitted that Von Mack-
enzen has retreated behind the Ogin-
ski canal, abandoning his attempts to
reach the Vilna-Rovno railway. The
Russians now threaten to turn both
Von Mackenzen's flanks.

Germans industrial associations have
issued a warning against participation
in the allied-American loan by firms
doing German business, saying it
would be considered a justification for
breaking off commercial relations.

Russians Claim Victory

PETROGRAD, Sept. 24.—The war
office today claimed that the Russians
have defeated the Germans and Aus-
trians, along the Swina river, twenty-
seven miles southeast of Riga. Gen-
eral Ruskay has routed the Germans
and General Ivanhoff surrounded and
captured 1500 Austrians in four vil-
lages. In the southeast the Russians
are driving the Germans westward
along a one hundred and fifty mile
front.

VALENCIA ORANGES BRING HIGH PRICES

POMONA, Sept. 24.—The 1915-16
citrus shipping season opened in Po-
mona yesterday with the shipment of
several cars of Valencia oranges. The
fruit is bringing the highest prices in
several years. The packing houses in
the Santa Ana Exchange have a
hundred cars of Valencia still to
ship. The houses shipping are at La
Verne, Indian Hill and Collego
Heights.

POLICE LOOKING FOR NEW ORLEANS MAN

SAN FRANCISCO, Sept. 24.—The
police here are seeking Charles E.
George, a prominent attorney and
New Orleans clubman. He is a sus-
pected bigamist. Mrs. Ritter George
of Milwaukee says the fugitive is
"much married." She alleges he has
four wives. Mrs. Ida George sued
him, demanding a separate main-
tenance, three years ago, claiming he was
twice wed previously.

Ruler of Greeks Mobilizes 20
Army Divisions; Calls Re-
servists to Colors

BRITISH SINK THREE TURKISH TRANSPORTS

Grecian Premier Will Ask the
King For Order to Mob-
ilize Entire Army

LONDON, Sept. 24.—The censor
drew a veil of secrecy today over the
Balkan situation. Scarcely a hint of
the proceedings was reached London.
The belief grew when it was certain
that Czar Ferdinand would be discov-
ered heading the Bulgarians, ready to
strike. The Balkan fuse appeared to
be set, ready for a touch of a match.
Austria and Germany have massed a
million troops to smash through Ser-
bia to Turkey. The allied press fully
realizes the gravity of the situation.
At Petrograd the papers express no
surprise and regard affairs as "ex-
tremely serious." The Paris journals
declared that conditions are "grave."

Reservists Called to Colors

LONDON, Sept. 24.—King Const-
antine of Greece, has promulgated a de-
cree mobilizing at least twenty of the
Greek army divisions. Athens dis-
patches say that Greece has decided
to immediately mobilize. Premier
Venizelos intends to ask the king to
sign a general mobilization order at 4
o'clock this afternoon. Rome reports
say that all Greek reservists in Italy
have been called to the Greek colors.

British Sink Turkish Ships

PARIS, Sept. 24.—The British sank
three Turkish transports yesterday. A
British aviator bombarded and sank
one in Nagara Bay. British subma-
rines torpedoed the other two in
Ak-Bachi Bay, "under difficulties," it
was officially announced.

An official statement today said in-
fantry fire has been lulled and the
Turkish artillery fire is capricious.
Sometimes they seem to lack ammu-
nition while at others the fire has a
maximum rapidity but does little dam-
age. The Turkish aeroplanes are
most inactive, while those of the allies
seem to be very active.

French Bombardment Batters Works

PARIS, Sept. 24.—The French bom-
bardment has battered the German
works into debris. It is officially stated,
at Champagne and Arras, in the Ar-
gonne district. German blockhouses,
trenches and encampments have been
demolished around Royes. The Ger-
mans hurled gas bombs ineffectually,
the French using respirators. Near
Breten Court a German patrol at-
tempted a surprise attack on the
French outposts but were repulsed
with great loss.

BURGLAR ROBS RUNYAN HOME GETS JEWELRY

Thief Enters Through Cellar,
Gets Jewelry and Coin,
Leaves No Cleft

Last night between 7 p. m. and 9 a. m. a burglar entered the residence of J. S. Runyan at 416 South Birch street and stole two ladies' watches, other jewelry, a purse and \$15.

The thief entered through a cellar door, which was unlocked with the key, taken from a nail where it usually hangs. The cellar door was locked from the inside. The burglar then took the hinges off a door at the head of the stairs leading into the kitchen. While the house was ransacked, it is believed that the burglar was frightened away before he finished his search, for two purses containing money were not touched.

Smuggles left on the door casing and on door knobs are believed to indicate that the burglar wore soiled gloves. Deputy Sheriff Maxwell, finger print expert, examined the marks. Mr. and Mrs. Runyan and their guest, Mrs. Ella Alber, left home about 1:30 o'clock to attend prayer meeting at the First Baptist Church. They did not return until about 9 o'clock. Neighbors on the north, Mrs. Sallie Hall and her son and daughter, left home about 7 and returned at 8, and it is possible that their return caused the burglar to end his search at the Runyan home.

Mr. and Mrs. Runyan and Mrs. Alber were no sooner in the house than they saw that it had been burglarized. Runyan and T. P. King, a neighbor, made a search of the house for the burglar. It is jokingly told on King's part that he armed himself with a three-foot rule, and went down the stairs into the basement. For a few seconds he thought he had the burglar located, and he was about to pounce upon him when he saw that the object he had taken for a crouching man was a stove stored away in the cellar.

Investigation showed that the thief had visited nearly every room in the house. He threw the contents of bureau drawers on the floor, and made a thorough search for valuables. Two purses hanging in a closet in plain view were not taken, and it is probable that the burglar was scared away before he had searched that closet.

From Mrs. Alber a black purse, containing \$15 and a trunk key, and a gold watch were stolen. Mrs. Runyan lost a gold watch, a Shiner's pin and several articles of lesser value.

One of the stolen watches had the word "Ella" engraved upon it. The number of the case is 34823.

City Marshal Jernigan and Officer Smithwick were called, and they made a careful investigation. No clues as to the identity of the burglar were obtainable. The fact that the thief got the key to the cellar door indicates that the burglar was someone who, while hanging about the place, had seen the key put in that particular place.

HOUSE WAS ROBBED WHILE ON A TRIP TO THE PANAMA CANAL

Sheriff Recovers Some of Ar-
bisio's Loot; H. E. Coate
Was a Victim

Among those who this morning looked over the loot found at Gilbert Arbisio's home at Orange was W. M. Belding, who returned last night from a three months' trip to Panama. On returning he found that during his absence his home on Ease Seventeenth near Prospect had been burglarized by someone who broke the glass and unlatched the window. Among the articles reported to Sheriff Jackson as missing are a pair of black automobile gloves and a Smith and Wesson 38-caliber revolver with a belt and holster. None of these articles were found in Arbisio's loot.

Sheriff Jackson has no doubt that Arbisio broke into Belding's house as a number of entrants traced to Arbisio were through breaking of windows.

Belding's house had been ransacked. Articles from a writing desk were thrown out, and a lot of curios from a plate railing were on the floor.

Coate a Victim.
This morning H. E. Coate, who lives northeast of Santa Ana, identified a cheap watch, a souvenir of the San Francisco exposition, as one stolen when his home was burglarized. A number of other articles stolen at that time have been located.

Several small articles, including stickpins, two rings and a necklace, have been picked out of the box as articles stolen from E. J. Parker's residence at Tustin.

The sheriff learned today that the San Diego police acting on his instructions had recovered a number of articles sold by Arbisio, for \$4 to a San Diego junk dealer named Shelly. Two watches were sold by Shelly, one to a person he says he did not know and another to a man at Oceanside.

REV. OTTO S. RUSSELL is to continue his pastorate of the First Baptist Church of Santa Ana, where he has done effective work for the past four years. He had a call from Phoenix, Arizona. Last night, at the earnest solicitation of the congregation here, Rev. Russell decided to remain.

"This church desires to express the belief that the Divine Spirit guided us to call to our pastorate Rev. Otto S. Russell. His preaching and his work have resulted in so much good, both in material things and in spiritual up-building, that we all not only are pleased with him but we love him and pledge to him our renewed support and co-operation. We protest against any dissolution of this relationship except the Lord shall make it clear that it is His will."—Resolution passed unanimously by members of the First Baptist Church of Santa Ana last night.

Rev. Otto S. Russell is not to leave the First Baptist Church of Santa Ana to accept the call extended to him by the First Baptist Church of Phoenix, Ariz. That decision was reached at a church meeting held last night after the weekly prayer meeting at the church.

The feeling of the church that Rev. Russell ought not to be allowed to go was expressed in the above resolution, which was carried unanimously by a rising vote of the congregation.

With that expression of friendship, and with renewed promises of the fullest co-operation, Rev. Russell stated

that he would decline the call of the Arizona church, which call has been urgent.

Among those who spoke strongly against the advisability of allowing Rev. Russell to sever his connections with the Santa Ana church were W. T. Van Cleave, who presented the resolution that was carried; J. S. Runyan, J. W. Taylor, Mrs. J. S. Runyan, Frank Taylor, C. H. Woods, Mr. De Wolff, Mrs. G. P. Hill, Judge West, J. B. Ramsey and W. W. Crozier. Hearty appreciation of the valuable leadership and cordial relations between pastor and congregation were expressed in the various talks.

With the decision that Rev. Russell should remain came the determination for renewed efforts in the work of the church. On Rev. Russell's suggestion it was decided to immediately organize an active Brotherhood of the men of the church, and through the men carry on more vigorously than ever some departments of the church work.

An aggressive forward movement was pledged by pastor and congregation in their expressions of love and devotion.

Rev. Russell took charge of the First Baptist Church here four years ago September 17.

CORONER FINDS HER DEATH ACCIDENTAL AND UNINTENTIONAL

After making a careful inquiry yesterday afternoon, Coroner Winbiger signed a verdict finding that "Mrs. Belle W. Brace, aged 58, native of New York, came to her death from concussion of the brain, sustained by voluntarily stepping from a moving automobile, falling and striking her head on the road pavement—unintentional and accidental."

The coroner made the inquiry at the chapel of Backs & Terry, Anaheim. The principal witnesses were Mrs. N. A. Harris of Oakland, and her sister, Mrs. Frank Stansfield, of 731 Parton street. They said that Mrs. Brace, a stranger to them, asked for a ride in the automobile Mrs. Harris was driving. Hardly had the machine gotten underway when Mrs. Brace seemed suddenly to have changed her mind about going. Saying she believed she would go back home, she stepped from the automobile which was going about twelve miles an hour, fell, struck her head on the pavement and died two hours later.

MAXWELL'S TALK IS FOLLOWED BY ENDORSEMENT COMMITTEE

Tri-Counties Committee Goes Strongly On Record For River Regulation Bill

THREE OAKS PLANTED AT THE COUNTY PARK

Chairman Cuttle to Investigate Discontinuance Of Forest Nursery

Following an impressive and convincing address by George H. Maxwell, one of the best known water and river experts in the United States, the Tri-Counties Reformation Committee at its meeting at the County Park today gave unanimous endorsement to the Newlands-Broussard River Regulation Bill.

At a previous meeting of the committee an endorsement was given, but at that time there were some who voted against the endorsement because they did not understand the measure. Maxwell's address today turned doubt into strong partisanship for the bill.

The committee went from Orange to the County Park by automobile. Francis Cuttle of Riverside, chairman of the committee, which is composed of citizens from San Bernardino, Riverside and Orange counties, opened the meeting with a brief report of the International Irrigation Congress that recently met at Fresno, Stockton, Sacramento and San Francisco. Cuttle introduced Maxwell.

While the subject announced was "The Constitutionality of the Newlands-Broussard River Regulation Bill," Maxwell turned to a strong advocacy of it. He analyzed the bill carefully, and explained its import. He showed that through it some troublesome problems in this state could be dealt with under this act.

Following unanimous endorsement of the bill, Chairman Cuttle was instructed to visit the various civic bodies in the three counties and secure their endorsements of the bill.

Recent Conference
J. P. Baumgartner of Santa Ana, president of the State Conservation Commission, gave a report of the work started and proposed to be done by the State Water Problems Conference held in San Francisco last Saturday. The speaker outlined the things the conference hopes to accomplish.

County Forester J. M. Grant said that he had heard that the federal government proposes to abandon its nursery near Seven Oaks. Chairman Cuttle was instructed to investigate the matter and take whatever action he finds expedient.

A. S. Bradford, chairman of the Orange County Board of Forestry, announced that to commemorate the occasion three oaks would be planted, one for each of the tri-counties.

These oaks were planted with ceremony near the lake at the park. This afternoon the visitors were taken on a drive through El Modena, Tustin and other parts of the county.

Those Present
Those present at the meeting were: Riverside—Francis Cuttle, George Frost, L. C. Waite, Oscar Ford, E. O. Richard, E. A. Chase, J. F. Kosler.

San Bernardino—L. A. and G. A. Atwood.

NOT KNOWN WHAT COURSE EDISON, HOME WILL TAKE

Neither the Southern California Edison Company nor the Home Telephone Company has done anything to show what course they will take following the receipt of communications from City Clerk E. L. Vegely making formal demand for payment of their franchise taxes. Clerk Vegely sent the notifications in pursuance of orders received from the city council Monday night at which time it was brought out that the Edison Company had not paid its tax, 6 per cent on its gross receipts, due July 1, and that the Home Telephone Company has not paid its franchise tax for several years. When City Attorney G. H. Scott was asked today as to what course the city would probably pursue in case the two companies refused to make their payments he stated that he was not ready at the present time to divulge his plans.

ACCUSE AN ANAHEIM MAN WITH SPEEDING WHILE INTOXICATED

LONG BEACH, Sept. 24.—Long Beach officers Wednesday night arrested O. Lamay and A. Laffoon, both of Anaheim, accused of auto-speeding. Lamay, accused of driving while in an intoxicated condition, gave \$50 bail and Laffoon gave \$10 bail for appearance in police court today. The two drove hither from Seal Beach, where an officer phoned Long Beach police to be on the lookout for them. Trophies of the capture are Anaheim beer bottles, dead soldiers, lying in state at the police station.

CANAL BUILDER IS HOME FROM PANAMA VISIT

Tustin Man Who Worked 5000 Men On "Big Ditch" Sees It In Operation

W. M. Belding and his wife, who live on East Seventeenth street at Prospect avenue, returned last night from a three months' trip to the Panama Canal, in the construction of which Belding had an important part. This was his first visit to the "big ditch" since he left the work in December, 1908, and that the movement of the big vessels through the canal proved highly interesting to him goes without saying.

Belding was master builder of the canal, being directly under John F. Stevens, who laid out the plan of work and got the canal work under way, and George Goethals, who succeeded Stevens. At times Belding had 5000 men busy on construction work under his direction.

"The canal is working fine," said he. "They are still having trouble with the slides in the cut, and they will continue to have that trouble for a time. Eventually, however, the slides will cease. While I was there there was a big slide that tied up the canal from September 6 to September 13. By the time the slide was cleared away there were fifty vessels in the canal waiting to get through, which shows you that the world is finding a lot of use for the Panama Canal."

Belding was on the canal for three and a half years, and left when he had completed the work in which he was engaged.

BRING SHEARS TO BEAR ON JITNEY LAW

Deletions To Cause Sight-Seeing Cars To Put Up An Indemnity Bond

By deleting one whole paragraph and a portion of another in the city's new jitney ordinance, City Attorney G. H. Scott believes he will be fulfilling the instructions given him by the city council last Monday night to so change the ordinance that sight-seeing automobiles will be required to take out indemnity insurance.

The step asking the city attorney to alter the ordinance was taken by the trustees following the reading of a petition of M. L. House that his auto license be changed from a rental car to a sight-seeing car. When the petition was presented the ordinance was examined and it was found that it does not provide for a sight-seeing car to take out indemnity insurance.

The end of the second paragraph in Section 1 of the ordinance will be taken out by the city attorney, according to his statement today. The

THE KIND OF FOOD ATHLETES EAT

You Should Follow Their Example of Diet

Everyone admires a well rounded out athlete. His muscles are like iron and he fairly glows with vim and vitality. He could not reach this high state of health were it not for his diet. His main food invariably consists of Whole Wheat, for it contains all the vital elements he must have. That is why so many athletes eat "FORCE"—the whole wheat food—it builds brain and brawn, bone and sinew, muscle and nerve, sustains health and strength.

Not only is food made from the whole wheat nourishing, it is delicious. You doubtless recall some occasion—possibly in your younger days—when, in passing through a wheat field, you plucked a head of wheat which you rubbed between your hands (blowing away the chaff) and then ate it.

Do you recall the delicious sweet flavor of the ripe wheat? That is just the flavor you get in "FORCE" scientifically cooked and blended with barley malt, then toasted and flaked. You don't get this flavor in other cereal foods. Couldn't expect it. Whole wheat—that's the answer.

Put up in air-tight, dust-proof packages, "FORCE" comes to you fresh and crisp. Ask your grocer.

NO STEP TAKEN WITH MISSION PASTORATE

Japanese Minister Will Have Another Week In Which To Consider Action

Rev. Take Shi Ban, Japanese Congregational minister and his relations with the First Congregational church were not disposed of last night.

At the conclusion of the church meeting a week's time was taken for an adjustment of the matter.

Under his leadership the mission has grown and done good work until very recently, when some sinister influence began to create a small schism in the Japanese church, and Rev. Ban seemed to be losing some of the prestige he had hitherto en-

joyed. He says this sinister influence comes from a "non-Christian, who is striving to split the church here."

Preceding the business meeting, Prof. E. M. Nealley very entertainingly and ably reviewed the first chapter of Professor Peabody's latest work, "The Christian Life In the Modern World." A large attendance was present and from the interest shown in this review of one chapter, the remaining six chapters will have an increased audience to hear the reviews of them.

Next week Mrs. Nate Beals will review chapter 2, "The Christian Life and the Family." There are seven chapters in the book and these will form the basis for the mid-week services until November 11.

COACH LUTZ IS ON JOB AT REDLANDS

REDLANDS, Sept. 24.—Football Coach Arthur Lutz of Santa Ana, in charge of athletics at the high school, has told his husky candidates for the team that candies and such airy trifles are taboo from now on. He also declared that the boys will go into "eats" training right away.

The men selected for the team are Miller, Chestnut, Hunter, E. Weld, Edwards, Bell, M. Weld, Winston, Putnam, Palmtag, Cook, Olmstead, W. Knowlton, Willis.

Coach Lutz gave a talk to the student body yesterday in regard to the new game and he aroused a great deal of enthusiasm among his hearers.

The first game of the season will be played Saturday, October 3, with the University of Redlands team.

DON'T WASH YOUR HAIR WITH SOAP

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Having traded our stock fixtures and equipment, we are very anxious to reduce our stock as much as possible in the next 20 days, before the new managers take it over.

SPECIAL STATE ELECTION

There are eleven propositions to be voted on at the special state election on October 26; and despite the fact that a pamphlet setting forth propositions and presenting expert arguments for and against them, has been mailed to every voter in the state, it seems that they are not very well generally understood.

Number one has to do with the non-partisan law passed by the last Legislature providing for the election of all state officers without party designation. Representatives in Congress, congressional party committeemen, delegates to national party conventions and presidential electors will be elected as before.

Number two has to do with the law governing the form, size and manner of printing ballots.

Number three proposes to make the terms of all superior judges, except those elected to fill unexpired terms, twelve years.

Number four also pertains to judges, providing that when the term of a judge of the Supreme Court, District Court of Appeals, or Superior Court expires on the first Monday in January, following a general election, the person appointed by the governor to fill the vacancy shall hold for the remainder of the unexpired term.

Number five has to do with rural credits, proposing land colonization, and rural credits in aid of agriculture; authorizes bond issues secured by farm mortgages and defines their status.

Number six provides that public moneys may be deposited in a bank under such conditions as may be prescribed by law.

Number seven is offered for the purpose of throwing more checks about referendum and initiative petitions. It is proposed in addition that when it is undertaken by initiative to create bonded indebtedness, a two-thirds vote shall be required.

Number eight would make it possible for state, county or municipal property to be condemned for public purposes "neighborhood property" in addition to that required for immediate improvement.

Number nine provides for a complete reorganization of the tax system.

Number ten amends the church exemption amendment so as to remove the ambiguity regarding the use of church buildings for meetings of the ladies' societies, social gatherings and lectures and sacred concerts in connection with the work of the church.

Number eleven pertains to county charters and defines what may be made charter rights.

Every voter should look up the pamphlet he received by mail some week or two ago and read it carefully.

NOT THE TRUTH

The opponents of the state non-partisan law passed by the 1915 Legislature, which makes the election of the members of the Legislature and eleven state officers non-partisan, have circulated the report that when Colonel Roosevelt was in California he announced his opposition to the measure.

There is not an iota of truth in the statement. Everything Colonel Roosevelt said on this subject was to the exact contrary.

Another report given wide circulation is that former Lieutenant Governor Wallace opposes the measure and will stump the state against it.

As a matter of fact, Governor Wallace is a strong supporter of the measure, and a member of the Non-Partisan Executive Committee that is working for its ratification.

"I am," says Governor Wallace, in a recent statement, "decidedly for the state non-partisan bill; have never taken the other attitude for a single minute. I am on the executive non-partisan committee which I expect to attend in a short time to make arrangements to do what we can to maintain the non-partisan law as passed."

INDOOR BASEBALL
FEUD BE SETTLED

An indoor baseball feud which has been waxing exceedingly hot in Santa Ana during the past few weeks between the Edison Electric and the Post Office Employees will be definitely settled tonight, beginning at 7:30 o'clock.

Rivalry between the two teams is at white heat. On Friday, September 3, the Electric defeated the mail clerks by a score of 9 to 7. The Juice men feel considerable pride in their accomplishment inasmuch as it is stated that the mail jockeys used a picked team, reinforced by a contingent of United Presbyterian players.

Last Friday evening the employees of Uncle Sam turned the tables by walloping the Edisonites by a score of 18 to 14. The series average thus standing one and one, the two teams decided on a third fracas to settle the question of supremacy for all time.

A good-sized crowd is expected to attend the game.

STATE'S W. C. T. U.
WORKER IS DEAD

Los Angeles Examiner, Sept. 24: Mrs. Lucy S. Blanchard, California's greatest temperance worker and formerly president of the State Woman's Christian Temperance Union, died at her lovely home in Los Angeles, a few minutes before noon yesterday. She had been ill for about two weeks, and her physicians say that death was due to exhaustion. That she had worn herself out in her life-long fight against the sale of liquor, is the assertion made by her most intimate friends.

For twenty-three years Mrs. Blanchard had been president of the Woman's Christian Temperance Union of Los Angeles county, in addition to having served as state president from 1912 until the last convention of that organization, when she declined to become a candidate.

For twenty-seven years Mrs. Blanchard was superintendent of the Loyalty Temperance Legion, an organization composed largely of children, to whom she devoted much of her time. She served also as secretary, vice-president and president of the Woman's Parliament of Southern California.

The news of Mrs. Blanchard's death was telegraphed at once to her brother, Henry D. Shackleford, of New York. Her only other surviving relative is a sister, Mrs. J. C. Fitzhenry, of Los Angeles.

Funeral services will be held at the First M. E. Church, Los Angeles, at 2:30 o'clock tomorrow afternoon, interment in Rosedale Cemetery.

AMUSEMENTS

"The Plunderer"

Anyone who was fortunate enough to witness the production of "The Plunderer" at Clune's Theatre last evening came away feeling that it was by far the best western mining story yet filmed.

The picture featured William Farnum, who as Bill Matthews of the Croi. D'Ormine showed himself to be a real American, born of the "Wild West."

One of the most stirring scenes in the picture is where Bill Matthews beats a score of drunken miners in one of the most realistic fist fights ever staged.

See this whole picture; it's worth while.

LOSE CHILDREN
IF SHE GIVES
BEER TO THEM

Mrs. Mary Paschall Retains
Custody of Minors, Husband to Pay \$15 Month

Through the decision of Judge Thomas yesterday afternoon, Mrs. Mary Paschall will continue to have charge of her two minor children, and the father, Duke Paschall, is to have a chance to make good by paying \$15 a month to their support. No judgment was entered as to whether he is guilty or not guilty of the charge of non-support brought against him.

While Mrs. Paschall is to keep the children there is one condition placed upon her, and that is that she shall not allow the children to drink beer.

Insinuations that Mrs. Paschall over a year ago got a divorce decree from Duke Paschall by reason of the fact that some legal advantage was taken to enter a default against him when he finally expected to contest were made yesterday when Paschall was before Judge Thomas on a hearing of the criminal charge of non-support of his two children.

Paschall evidently had not worried very much because his wife got a divorce, but he failed to pay \$15 a month for the support of the children. However, when he was arrested for non-support Attorney Bishop & Menton were employed by him to make a fight for him. They brought out the fact that possibly the divorce decree might not have been granted as it was had Paschall had a chance to show his side of the case.

It was stated that the two children are allowed to drink beer at the table with their mother. Mrs. Paschall promised that the practice would be stopped.

"If it had not been for John Barleycorn you folks would never have had any trouble, I am sure," said Judge Thomas. "Paschall would not be in court today if it were not for drink. The excuse has been made in this case that 'my parents always had it on the table, and I grew up to think nothing of it.' That is no excuse in this day and age. Opinions have changed on that matter, and so far as I am concerned if Mrs. Paschall continues to allow the children to drink beer the probation officer will go to her house and take the children from her."

No sentence was passed upon Paschall. It was evident that he had not paid money for the support of his children.

"I shall withhold sentence in this case for sixty days," said the judge, "and I advise Mr. Paschall to begin making these \$15 a month payments right away, and furthermore, I advise him to leave whiskey strictly alone."

ALTAR SOCIETY MEETS

Ladies Sew Carpet Rags While Completing Plans For Bazaar

One of the most delightful meetings of the Altar Society of St. Joseph's Catholic church, was held yesterday afternoon at the hospitable home of Mrs. Anna Owens, on Minter street. Twenty-eight members joined in sewing carpet rags as they enthusiastically completed their plans for the fall bazaar, the date of which is scheduled for Wednesday and Thursday, November 3 and 4.

Roses prettily decorated the parlors where jolly chat progressed over the newwork, the reward being a delicious collation served in the dining room by the hostess and her charming daughter, Miss Katherine Owens. An exquisite bouquet of pale pink carnations and maidenhair ferns graced the center of the table, sandwiches, Olives, delicious home-made cake and coffee being greatly enjoyed.

Whist Club Meets
A congenial group of ladies met yesterday afternoon at the home of Mrs. A. L. Head, 646 Riverine avenue, to enjoy a few games of whist.

Mrs. Charles Smith captured the laurels from her friends and she was delighted with her reward, a pair of beautiful embroidered pillow cases, trimmed with crocheted lace. Mrs. Ruth Hossler was consoled with a prettily embroidered work bag.

A delicious two-course collation refreshed the company after their merry contest. Pink carnations were combined with sprays of plumosis fern as the floral centerpiece, covers being laid for Mesdames Will King, Ida King, Ruth Hossler, O. V. Noble, Charles Smith, Abner Wood, Will Kelly and children, Miss Mildred McNeill, and the hostess, Mrs. A. L. Head.

The club will hold its next meeting with Mrs. Hossler at the San Joaquin ranch.

H. S. Parent-Teacher Association
This association started its year's work Wednesday afternoon, when an executive committee meeting was held at the home of the president, Mrs. S. M. Davis. Twelve members were present and much enthusiasm was in evidence.

The first meeting of the year will be on Thursday, October 7, when a well-known speaker from Los Angeles will address the association. The subject of her talk will be announced later. Other matters of vital local interest will also be presented. All parents of high school students are asked to bear the date of this meeting in mind.

SNICKLEFRITZ-McCARTHY

Blushing Irish Maid and Stalwart German Youth Take Padlock Vows

Views of the sumptuous turkey dinner are growing dimmer for the gentlemen of the Fraternal Brotherhood, who surrendered 500 points to the "leading ladies" at their meeting last evening in their spacious new hall.

A short business meeting, during which several new candidates were initiated, and six new candidates voted upon, to be initiated on the next meeting night, preceded the entertainment which was as big a surprise to the gentlemen as their hostesses had promised it to be.

Mrs. Elmer R. Biggs was the general chairman of the successful affair and she was ably assisted by Mrs. Fred Marsile, Mrs. M. L. Flagg, Mrs. Floyd Turner, Mrs. P. A. Trickey, Mrs. A. Fischer and Miss Myrtle North, the committee being heartily cheered at the close of the gloriously good time.

The following pleasing program was enjoyed, each number receiving an enthusiastic encore: Piano solo, "Heart of a Ruby," Miss Rosetta Klatt; reading, "California," Miss Mabel Harvey; vocal solo, "Tulips," Mrs. E. A. Biggs; reading, "Man's Selfishness," Mrs. N. L. Galbraith; piano solo, Miss Jane Stanley; reading, "The Model Woman," Mrs. Hannah Huntington; vocal solo, "One Fleeting Hour," Miss Ethel Klatt.

The delightful program closed with the solo, "Thoughts of You," sung with exquisite expression by Mrs. Chas. Berry, and the beautiful selection left no suspicion in the minds of the gentlemen until Miss Jane Stanley commenced the strains of Lohengrin's wedding march, which ushered in the surprise of the evening—a mock wedding of such unusual features that the gentlemen have not yet recovered from the shock.

Solemnly striding up the aisle came the rector, in surplice and cap of black. This dignitary would never, in the wide world, have been recognized as Mrs. E. A. Biggs, who introduced many innovations as she read the "pad-lock" rites.

Little Miss Mable Harvey made the prettiest ring-bearer imaginable, in her fluffy white frock with silken sash and hair bow. She carried, instead of the golden circlet, a padlock and chain, nestled ominously upon a mound of roses.

As the stately best man, Mrs. Floyd Turner, was so completely disguised that even her husband did not recognize her as she walked beside the blushing maid of honor, Mrs. P. A. Trickey, wearing a gown of white with yellow chrysanthemum sash, an immense yellow picture hat, loaded down with sunflowers and an arm bouquet of these well chosen flowers completing her costume.

The identity of Mrs. Fred Marsile was lost in her clever impersonation of the handsome German bride groom, she was attired in the black Prince Albert evening suit that her grandfather wore when he won his bride, and under the name of Fritz Snicklefritz, she promised to "love, honor and obey."

A high silk hat was perched at a jaunty angle on a Dutch wig of brilliant yellow and a shirt of deep pink made a strange contrast to Mrs. Marsile's usual charming appearance.

When the company discovered that the blushing Irish bride was no other than the jovial district manager, Mr. F. A. Rogers, their surprise was complete.

What Thin Folks Should Do To Gain Weight

Good Advice For Thin, Underdeveloped Men and Women

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long thinness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered combination of assimilative agents has made fat grow after years of thinness, and it is also unequalled, judging from reports, for repairing the waste of sickness or faulty digestion and for strengthening been combined in this preparation, called Sargol. Six strength giving, fat-producing assimilative elements of acknowledged merit have been combined in this preparation, which is endorsed and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A few weeks systematic use of Sargol should go far to produce flesh and strength by correcting faults of digestion and by supplying nourishing fats to the blood. If not every drugist who sells it is authorized to return the purchase price, increased nourishment is obtained from the food eaten, and the additional fats that thin people need are thus provided. All leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has from reports given splendid results as a nerve-tonic and vitalizer, its use is not recommended to nervous people unless they wish to gain at least ten pounds of flesh.

Personals

Dr. U. D. Russell, a physician of Oklahoma City, arrived here last night for a visit with his brother, Rev. Otto S. Russell, pastor of the First Baptist church. Dr. Russell has been visiting national parks and the exhibitions.

Mrs. Clara A. Davis spent today in Los Angeles.

Miss Lucile Williams has returned to Calexico after a pleasant visit with her aunt, Mrs. W. G. Gibbons, of Westminster.

James Alexander, assistant postmaster, and his family, returned yesterday from a trip by auto to the San Francisco exposition. They went by the inland route and returned by the coast, the roads of which were found to be in very bad condition.

Mr. and Mrs. Ross Moody of Arkansas, Kan., are spending a few days visiting at the home of Mrs. Moody's sister, Mrs. Roy Perine, of Wellington avenue.

Miss Clara Hauschildt of Lincoln, Neb., who is visiting at the home of Miss Dora Hockmeyer, went to Los Angeles this morning to spend a few days.

W. H. Morse left yesterday, over the Southern Pacific, for Grand Junction, Colo.

T. Turnat made a business trip to Los Angeles this morning.

S. Whittell has gone to Loma Linda to attend school.

Mr. and Mrs. Hawkey and Mrs. Prows, who have been visiting at the home of J. W. McLelland, left for their home at Pilsenberg, Canada, yesterday.

Miss Frances J. Heil, accompanied by her brother, Frank L. Heil, left yesterday for Riverside where Miss Heil will resume her work as director of the Art department in the Girls' High School. Frank Heil has charge of the Art department in the Boys' Polytechnic High School.

Mrs. E. Buszke of Orange spent today in Los Angeles.

Frances H. Pfeiffer left yesterday for Highland Park.

The F. D. Cornell Company, owners of the Balboa Palisades property, and the Palisades Tavern, which is located on this property, is just now featuring a one-day trip from any point in the Los Angeles district by electric line or by auto over boulevards from any of the interior towns to this popular beach place.

As Mr. Cornell says, "this gives ample time for dinner at the Palisades Tavern, a stroll along the Palisades, a dip in the surf, or a canoe ride on the still waters of Newport Bay, and forms a new one-day's outing, trip which more and more are taking advantage of all the time."

A ferry line has been established between the Tavern and Balboa, and a boat meets all incoming trains, so that direct connection is made.

Several thousand dollars have already been spent in improvements on this property and elaborate plans are being carried out, which call for expenditure running into the hundreds of thousands.

CLASSIFIED AD DID IT

Wilbur Palmer has found the Register's classified advertisements an efficient medium. Palmer had a litter of thoroughbred Cocker Spaniels. He decided to sell one of the pups, and, fixing the price of the pup reasonably at \$10, he put in an ad. The ad brought him a purchaser. Early this week Palmer decided to sell another pup. He put in another two-bit ad, and that ad put him in touch with a buyer. Palmer has one more pup, but it is not for sale now. If Palmer should decide to sell it, he knows how to find a purchaser.

RECOMMEND WRITE-UP IN SALT LAKE MAGAZINE

This morning the advertising committee of the Santa Ana Chamber of Commerce was called to a meeting by Secretary J. C. Metzger to consider a proposal for a write-up of Santa Ana in the Arrowhead, a magazine published by the Salt Lake railroad. The article, to be written by Secretary Metzger, will be illustrated. The advertising committee, consisting of R. L. Bishy, P. P. Clarkson, Morris Yarnell and T. E. Stephenson, recommended that \$75 be appropriated for the expenses of obtaining the publication of the article, which will appear in about two weeks. It is probable that arrangements will be made for a lead article on Orange county.

BIG ANNUAL SALE OF CABINETS BEGINS TOMORROW

Announcement is made in another part of this paper of the Horton-Spurgeon Furniture Company's annual sale of Hoosier Kitchen Cabinets. This cabinet combines pantry, kitchen table and cupboard in a single piece of furniture and makes an old fashioned kitchen modern and convenient. There are dozens of these cabinets now in use in Santa Ana and vicinity and every owner of one is an enthusiastic booster for this popular labor-saver for the housewife.

During these annual sales the cabinets are offered at special prices and on very easy terms. The payment of one dollar in cash is all that is required and the balance can be paid in weekly or monthly payments. As only a limited number of these cabinets are offered on these advantageous terms, those who wish to purchase should do so without delay.

CAUGHT HAND IN CYLINDER
Ernest Cormack, a separator tender on the threshing outfit of the Griset Brothers at Greenville, caught the index finger of his right hand in a cylinder, painfully crushing it, although the injuries did not necessitate an operation. The accident occurred at 12 o'clock this morning.

SUES AUDITOR SEEKING RAISE TO \$75 SALARY

Orange Constable Thinks He Ought Not to Have His Pay Cut to \$50 a Month

Believing that he is justly entitled to \$75 a month instead of \$50, Constable G. L. Jackson of Orange township today started mandamus proceedings against County Auditor W. C. Jerome to compel him to pay him \$75 a month.

Jerome, acting on the advice of the district attorney, has made out Jackson's monthly salary warrant at \$50 instead of \$75.

The Orange constable's case was brought through Attorneys Williams & Rutan. It is alleged that in December, 1914, a census of Orange township was taken, showing the population to be \$361, and under the old county government act Jackson was entitled to a raise from \$50 to \$75, the population of the township being over \$800.

Last spring the legislature passed a new county government act that made a new classification of townships. Under that classification Jackson would get but \$50 a month, while various justices and constables would get raises. However, the district attorney ruled that the decisions are such that raises of salaries could not be allowed, while salaries could be lowered. Therefore Jackson was due for a drop. The same drop did not strike Justice of the Peace Armor of Orange, for the reason that the district attorney held that a recently passed constitutional amendment gave a judicial officer the benefit of whatever compensation he started out with at the beginning of his term.

The mandamus action brought by the Orange constable will have no effect either way upon other salaries paid by the county.

Not Guilty Pleas

Gunning Butler of Santa Ana, charged with practicing the art of healing without a state license, pleaded not guilty to the charge, and his trial was set for October 6.

Robert Carter, dancing teacher, charged with issuing a worthless check, pleaded not guilty, and his trial went down for October 28.

W. E. Sapp, jitney driver, pleaded not guilty to manslaughter. He is to be tried November 2. The charge grew out of the death of M. S. Ratfield in an auto accident.

George Williams, accused of burglarizing a Jap's house at Newhope, pleaded guilty to having been once convicted of a felony, and not guilty to the charge of burglary. His attorney, Wallace W. Davis, alleged his client had been once in jeopardy in that he served six months for stealing the watch taken in the burglary.

To Be a Citizen

Olof J. Lindkrist, a tailor, who lives at 606 West Third street, Santa Ana, has applied for final papers of citizenship. He was born in Sweden in 1862 and came to this country in 1907. Witnesses who have known him five years are J. C. Burke and W. F. Menton.

Cases Dismissed

Dismissals were entered today in the attachment case of Wm. F. Lutz Company against A. J. Addington for \$818; in Jesse F. Waterman against H. M. Boggs, a suit for attorney's fees, and in J. Q. Johnson against S. M. Cradick.

Issues a Summons

Because Charles R. Clapp and his wife signed an agreement to Robert F. Brooks of Laguna Beach under which it was agreed that there should be no civil action against Brooks for alienation of the affections of Mrs. Clapp, the giving of judgment in a divorce case before Judge Thomas has been deferred possibly at least tomorrow.

Clapp brought the divorce action, and the case was defaulted by the defense. Yesterday when Attorney Wallace W. Davis presented the case to the court, Judge Thomas asked Clapp if there had been any agreement in regard to property rights as between him and his wife. It was stated that there was no agreement as to property rights, but an agreement had been signed with Robert F. Brooks, whereby Brooks agreed not to appear in the case as the result of Clapp's agreement not to sue him for damages for the alienation of Mrs. Clapp's affections.

Saying that he wanted to inquire into the matter further, Judge Thomas ordered subpoenas issued for Mrs. Clapp and for Brooks.

During the case yesterday it was brought out that one of Charles Clapp's daughters, aged 14, had been clerking in Brooks' poolroom, candy shop and cigar stand.

Judge Thomas called in District Attorney West, and notified the district attorney of the evidence, and asked him to bring a prosecution of Brooks if there is a law against employing minors in a poolroom.

FIGHTS FOR WATER RIGHTS OF INDIANS

LOS ANGELES, Sept. 24.—Assistant U. S. Attorney Moody stated yesterday he would make application in a few days for an injunction against the Pauma Land Company, with offices in the Marsh-Strong building, to restrain that corporation from taking water from Pauma Creek, which traverses a small Indian reservation.

The corporation, it is understood, bases its claim to the water under an agreement made at the time the land was acquired for the Indians in 1891. The reservation, which comprises two hundred and fifty acres, is tenanted by only fifty-four Indians.

IN THE JUSTICE COURT

WOMAN GOES FREE CHARGE INVOLVING A THEFT OF \$20.50

Japanese Says That A. W. Walker Hit Him On Head With Monkey Wrench

This morning Miss Josie Rivers was tried before Justice Cox on a charge of stealing \$20.50 from Miss Rose Burrue. Following the hearing, District Attorney West asked that the case be dismissed, as the evidence had not shown that Miss Rivers was the person who took Miss Burrue's money.

Miss Rivers was employed as a dressmaker, and she was in the house when Miss Burrue's money was taken. That was about as strong as the evidence against her was made. Attorney Charles Swanner, representing Miss Rivers, pointed out that some other person might easily be guilty of the theft. Miss Rivers stoutly denied the charge.

His Head Sore

G. Iketani, a Jap, came to the district attorney's office with an interpreter and some sore spots on his head. He said that he and A. W. Walker had a disagreement and that Walker had hit him on the head with a monkey wrench. Iketani says that he was struck three times. A warrant for battery was issued.

For Pablo Real

Juan Chabarría said that an intoxicated Mexican whose name he does not know, came to his house last night and ran Juan away. He came a second time, and made Juan run. He came a third time, and slashed Juan on the arm with a knife. Since Pablo Real is the name used in the local courts for an unknown Mexican, a warrant was issued for the arrest of Pablo Real on a charge of assault with a deadly weapon.

Warrant Issued

C. W. Snyder has taken a complaint to the Huntington Beach township court charging James Hullman with giving him a \$5 insufficient-fund check, drawn on a Los Angeles bank.

ANOTHER BILLIARD PARLOR PROPRIETOR IS ARRESTED, FINED

Allowed Minor In His Place Of Business; Minor Is Also Fined

Billiard parlor proprietors who violate the city ordinance which says that they shall not allow minors to be in their places of business and minors who violate the ordinance which says that minors shall not be in pool rooms, are finding a hard row to hoe in Santa Ana. This afternoon in City Recorder J. A. Willson's court Charles Holmes, owner of a billiard room on East Fourth street, pleaded guilty to allowing a minor to be in his place and was fined \$25, which he paid. W. W. Boggs, the minor in the case, who lives at El Modena, pleaded guilty to being in Holmes' place and was fined \$2, which he paid.

Officer John Ryan arrested Holmes and Boggs last night at 9 o'clock and ordered them to appear before the City Recorder this afternoon.

Holmes' arrest is the second which has occurred here for violation of the poolroom ordinance since September 8, another billiard room proprietor having been arrested on that date and fined \$25.

GROWERS SAY WALNUT CROP SHOWS UP BIG

Local Association Finding the
Quality Fair and Quantity
All To the Good

Growers associated with the Santa Ana Valley Walnut Growers' Association are sending in reports to C. F. Crose, secretary of the association, saying that the yield of their trees is much greater than last year. Some say the trees have a half more, others say two-thirds more and no small number of growers say they are going to have double the walnuts they took from their groves last year.

The quality of walnuts so far brought into the packing house has been good, though not quite up to the standard set by last year when the walnuts raised here were exceptionally good in quality.

The delivery of nuts at the packing house has been slow this week. The reason for this is that the nuts have been drying slowly, and they are not brought into the association headquarters until they are thoroughly dried. About forty-five tons of nuts have been received at the packing house.

Association At Richland Opened Up Tuesday

ORANGE, Sept. 24.—On Tuesday, September 21, the packing house of the Richland Walnut Association at Orange was opened to receive walnuts from the large number of growers affiliated with the organization. There is every prospect for a large crop this year and, aside from sunburn, the walnuts are in good condition.

Fullerton-Placentia Is Receiving Walnuts

FULLERTON, Sept. 24.—The Fullerton-Placentia Walnut Association

opened its packing house on Monday, September 20. The books will be open to receive new members until September 26. Reports from growers in the Fullerton-Placentia district are that a splendid crop of fine walnuts will be harvested.

Tuesday Marked Opening Of House At Grove

GARDEN GROVE, Sept. 24.—The packing-house of the Garden Grove Walnut Growers' Association was opened Tuesday to receive walnuts. The crop from the Garden Grove district will be larger than any in previous years, but the quality not quite up to the usual standard, according to reports at the Association packing house.

San Juan Capistrano Is Busy With Harvest

SAN JUAN CAPISTRANO, Sept. 24.—Walnut picking is on in full swing in the orchards near here and it is reported that an excellent crop both as regards quantity and quality is being harvested.

Anaheim Growers Elated At Showing of Crop

ANAHEIM, Sept. 24.—Growers of walnuts in the Anaheim territory are highly elated at the showing made by the product this season. It is reported that blight and sunburn have affected the nuts but slightly and that the crop will be as large as any known in previous years. Pickers say that the nuts are hulling easily.

The building will have three spacious and conveniently arranged rooms on each side. It will cost when completed about \$1700.

There are now in course of construction seven dwelling houses in Orange, practically all of these having been commenced recently, which is a pretty good showing of thrift for this community, when compared with various other communities.

SEES FUTURE FOR INDUSTRY AT ANAHEIM

Small Plant For Making Canvas
Gloves Begun At
Mother Colony

Anaheim Plain Dealer: The recent purchase by Rockwell & Sidnam of a quantity of machinery and equipment which was known not to be adapted to their present business, and which in consequence excited some little curiosity among the more observing, it developed recently was for the purpose of starting in this city a small factory for the manufacture of canvas gloves, overalls and ladies' wear of the cheaper and commoner kinds.

"This will be a small factory at first," said one of the members of the firm, "but if it proves to be a success in a small way, it may prove to be the germ and nucleus of a very large industry in Anaheim. Canvas gloves, because of their strength and cheapness, and the ease and facility with which they may be donned and doffed, are rapidly attaining a widespread use among workers in many lines of endeavor, and their adaptability to the use of those in other lines is fast becoming realized, resulting in a constantly growing demand. As for overalls, the universality of their use needs no enlargement, and the same may be said of the articles of ladies' wear that we propose to manufacture. This small factory will enable us to test out the conditions that obtain in the trade, and if our experiments prove a success, why, it would seem that growth and expansion of the business should follow as a matter of course, and with a necessary benefit to the community. It is so fascinating to the imagination, that I just cannot forbear mentioning that some little relation could be established between canvas gloves, overalls, etc., and cotton mills, when they shall have been established in the Anaheim district. Get me?"

420,000 SACKS BEANS, VALUED AT OVER MILLION, COUNTY OUTPUT

Estimates obtained from reliable

sources place the output of beans from Orange county this season at 420,000 sacks. Of this amount approximately 350,000 sacks will be limas and the balance blackeyes. About 200,000 sacks of lima production will be furnished by the San Joaquin ranch, according to figures given out by those in close touch with the situation. The average price that growers will receive for blackeye beans this year is \$2.50 per 100 pounds. Limas the season through are expected to average from \$3.50 to \$3.75 per 100 pounds. Under the new state law beans must be packed in even weights, each sack of limas containing eighty pounds net and each sack of blackeyes containing seventy-five pounds net. In rough figures the county will receive more than \$1,111,000 for limas and more than \$130,000 for blackeyes.

The bean yield from the county will not be much short of last year, owing to the fact that much new acreage was planted this season.

Reports from the Irvine district are to the effect that the fields there are furnishing a good average yield. The district west of Santa Ana is thought to be considerably short of last year but new acreage is counterbalancing this.

The Irvine ranch house has shipped more than 100 carloads of beans to date and shipping is going on at the rate of from ten to twelve carloads daily.

It is estimated that one-third of the bean crop at Irvine has been threshed. According to this, shipments from that district are not yet one-half over. Threshing to the west of Santa Ana has just barely gotten under way. The first carload of beans

left Garden Grove Tuesday.

El Toro and Fullerton are the principal blackeye districts of the county. At El Toro a considerable acreage formerly devoted to barley is now being planted to blackeyes.

Bean acreage at Fullerton, Anaheim, Garden Grove, Talbert and Smeltzer has been considerably increased this year.

A Simple Aid to Good Health

W. A. Reese, De Queen, Ark., writes: "For the past year constipation has bothered me very much, but I find Foley Cathartic Tablets are better than anything I have ever used and their action is perfect. Not a gripe in a bottle and I will never be without them."

Constipation is becoming one of the curses of our present day civilization, and is especially hard on those not physically active. With Foley Cathartic Tablets on hand you can keep your stomach sweet, liver active and bowels regular. You can avoid the congested condition that causes sick headache, biliousness, nausea, torpid liver and bloating gases. They cleanse thoroughly and are mild in action, with no nausea and no costive after-effects that make so many cathartics undesirable to take. They are a source of comfort to stout people who enjoy the light free feeling resulting from their use.

MOTHER COLONY PLANNING ONE MORE BLOCK

Kraemer Disposes of Northern Ranch; To Build At Anaheim

Anaheim Plain Dealer: After a three-weeks' trip, during which he visited Sacramento and San Francisco and other points, Samuel Kraemer is again in Anaheim. During his absence Mr. Kraemer disposed of his 330-acre ranch near Sacramento at a price approximating \$100 per acre. Mr. Kraemer has already engaged Architect Durfee to draw plans for a one-story building on his property on South Los Angeles street. The building will be so constructed that two additional stories may be superimposed if necessary.

BUYS FINE RESIDENCE
Anaheim Plain Dealer: Dr. J. W. Truxaw has purchased the beautiful A. L. Lewis residence at the corner of Claidina and Broadway, and will occupy the place shortly. The doctor says he became a weary of paying rent, and as he had absolute faith in both the present and future of Anaheim, concluded to purchase a home of his own.

WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo.—"I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

PLAN ANOTHER BRICK BLOCK AT THE BEACH

Move Buildings Preparatory To Starting Work On New Structure

Huntington Beach News: The old buildings that have been on the W. A. Johnson property on the east side of Main street for the past six years, have been moved to other property owned by Mr. Johnson, by Patterson Bros. of Bolsa.

The lots, which are next to the furniture store of Carl Olson, will be improved by the erection of a modern two-story brick structure, and the work will probably begin in a few days.

H. Alfred Anderson, an architect and structural engineer, of Long Beach, is preparing the plans for Mr. Johnson.

The old buildings removed were moved from the site where the Collins block now stands, six years ago, by the same house movers. There are several buildings that Patterson Bros. have moved two and three times, and as the town grows some of them will no doubt be moved again to make room for more modern buildings.

CHILI GROWERS ORGANIZE AT GARDEN GROVE

Majority Of Growers Join the Association; J. A. Knapp Selling Agent

Garden Grove News: Another evidence of the prosperity and enterprise of the people of the Garden Grove section is found in the organization of the Garden Grove Chile Association for the purpose of handling and selling chili peppers. During the past week plans long maturing have come to a culmination and the association is now a fact. A majority of the growers already belong. J. A. Knapp is the selling agent. He has had long and successful experience in handling peppers and understands market conditions and crop conditions. It is probable that the association will use the buildings belonging to the Garden Grove Chile Evaporating Association for packing house, etc.

Something Doing All the Time

parts of the country seek out the balmy climate of the Southwest, was taken at a conference of mayors, police chiefs and members of boards of supervisors held here yesterday at the Mission Inn.

The conference was called into being by Mayor Oscar Ford and T. F. Flaherty, chairman of the Board of Supervisors, and was attended by representatives of eleven cities of the four counties named, for the purpose of formulating plans for presentation to the proper authorities of the counties and cities, to the end that all may act in concert in the handling of the hobo problem.

Before adjournment a resolution was adopted authorizing Mayor Ford to call a second convention to consist of three representatives from each of the four counties named, for the purpose of formulating plans for presentation to the proper authorities of the counties and cities, to the end that all may act in concert in the handling of the hobo problem.

A second conference, to comprise representatives of the seven southern counties, will be called to consider the problem of the deserving unemployed, which is more of an all-the-year-round problem.

Today's conference was held following a banquet at the Mission Inn, where the officials were the guests of Frank A. Miller, Mayor Oscar Ford president. Ex-Congressman Prince appeared for Mayor Sebastian of Los Angeles and presented that official's plan for handling the unemployed problem.

Mayor Sebastian believes that a city's unemployed should be taken care of first and urges work, preferably that on a rock pile, for the undesirable. This suggestion found echo in the remarks of a number of sheriffs and police chiefs present.

City Attorney G. H. Scott and City Marshal Sam Jernigan of Santa Ana attended the meeting.

LAYS DOWN RULES FOR AUDITORIUM'S USE BY THE PUBLIC

The Board of Trustees of the Anaheim Union High School will permit the use of the high school auditorium for other than school purposes under the following conditions:

1. The auditorium may be used for musical and educational affairs, lectures and entertainments, by social, religious, civic and educational societies, or similar organizations existing within the boundaries of the district.
2. The organizations or groups of persons so using the auditorium shall pay the expense of heat, light and janitor service.
3. All announcements of the affairs or meetings held shall state under whose auspices they are given.
4. All such meetings shall be open to the general public on the same terms as to members of the organization or groups of persons arranging for the meetings.
5. Application for the use of the auditorium must be made to the Board of Trustees and acted upon at a regular meeting. The time of meeting is the first Tuesday of each month at 8 o'clock. The place of meeting is at the office of the principal at the auditorium building.
6. The auditorium is not to be used for dancing or for political meetings of any description.
7. The use of tobacco in the school buildings and on the school premises is prohibited.
8. The board reserves the right to refuse the use of the auditorium in any case at its discretion; it also reserves the right to revoke the arrangement hereby specified without notice.

A PINE WHOOPING COUGH REMEDY Mothers, Dr. Bell's Pine-Tar-Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosen the mucous in the throat, soothe the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality makes this an ideal cough remedy for children. Each passing year brings for it new friends. A family of growing children cannot afford to be without it. 25c a bottle.

LOS ANGELES PRODUCE MARKET

There are very few crabapples in the market at present, and the price for the same has been advanced to \$1.50 a box. Quite a number of changes were noticed in the vegetable offerings yesterday. Due to a heavy demand, cabbage has been advanced to 90 cents a sack. Both string and wax beans are lower at 5 and 6 1/2 cents a pound, and the Telephone variety of peas have been increased to 7 and 7 1/2 cents per pound. There is no much common lettuce on hand that a further reduction went into effect yesterday, the decline amounting to 5 cents a dozen, and 15 cents by the crate. Northern Burbank potatoes were unchanged in price, and Salinas are expected in the market shortly. Cheaper sweet potatoes should be the rule in a few days, as locals are increasing rapidly, and northern shipments are giving up signs of diminishing. The quotation Thursday was cut to 60 cents a lug and \$1.75 a hundredweight.

CURRENT PRICES

[The following market prices on poultry and eggs, fruits and vegetables are compiled daily for the Register, based on the quotations prevailing on the Los Angeles produce exchange for the business day preceding. Every effort is made to keep these quotations accurate and down to the latest possible available figures.]

GOOD SALES IN THE LA HABRA VALLEY

LA HABRA, Sept. 24.—Real estate activity, an indicator of the prosperity pulse of a city or district, is reported as strong and on the up grade in the La Habra section. Two large sales are reported the past week by the firm of Olson & Proud, which is composed of two live wire La Habra boosters and hustlers.

In the two sales, both of the cash variety, are included two tracts of ranch land. Nearly \$20,000 is involved.

The first sale reported is that of a half interest in a forty-acre piece of \$10,000. Fullerton parties are the purchasers. Part of this tract is likewise oil well property as the Tri-State Oil Company, in which F. G. Phillips of North Pickering avenue, Whittier, is interested, has a well on this piece, and indications for oil are very promising. H. M. Little is the disposer of the half interest.

The La Habra firm reports the sale of ten and a half acres of bare land, at a price of \$500 per acre, to W. A. Culp, manager of the Brea Gasoline Company. This tract is located south of Brea and was formerly owned by W. J. Hole. Mr. Culp will build a handsome home, improve the land by setting out citrus trees and make his permanent home here.

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Sept. 24.—The Book Section of the Woman's Club of Orange met with Mrs. I. L. Collins at the library Wednesday forenoon. An organization was formed with Mrs. William Marsh as chairman. Meetings will be held Wednesday forenoons at 9:30 o'clock.

A university extension course of contemporary drama was decided upon to alternate with some magazine article. Following is an outline of the work:

Read as a whole John Galsworthy's last play, "The Mob."

Analyze the play by act and scene.

State the time of action.

State the place of action.

Mow many characters?

Name them in order of importance.

Describe the dramatic purpose of each.

What is the germinal idea of this play?

With whom, if anyone, is Galsworthy in sympathy?

Do you agree?

Where is the dramatic climax?

Is there more than one?

Are you satisfied that the germinal idea is never forgotten by the dramatist and that he is true to it throughout the play?

The R. C. A. Club met with Mrs. P. M. Shell Wednesday afternoon at her home on West Almond avenue. Light refreshments were served during the afternoon and a most enjoyable time is reported. Those present were Mrs. McDaniel, Mrs. B. McGinnis, Mrs. G. R. Martin, Mrs. C. E. Beard, Mrs. T. A. Gray, Mrs. Homer Fowler, Mrs. McElroy, Mrs. Joe Webster, Mrs. Spencer and the hostess, Mrs. P. M. Shell.

Under a large force of workmen the big Union tabernacle in the course of construction on South Glassell street is proceeding rapidly toward completion. It must be finished in time for the revival meetings under the noted evangelists, Price and Guice, which begin October 3. Five churches are interested in the project.

Mr. and Mrs. P. L. Courtney, Mr. and Mrs. McGill and Mr. and Mrs. G. W. Gates were dinner guests yesterday evening at the home of Mrs. L. C. Gates. The gathering was a surprise birthday party for Mrs. L. C. Gates. A regular meeting of the Royal Neighbors of America was held yesterday afternoon in the I. O. O. F. hall.

The Sewing Circle was entertained Wednesday evening at the home of Miss Lydia Koenig.

Mrs. F. W. Grumm of East Palmyra avenue was hostess to the Erholungstunde Club Wednesday afternoon.

Mr. and Mrs. B. R. Helwig and guests motored to San Diego Wednesday for a brief stay at the fair.

Mrs. John Wilson who has been quite seriously ill the last four weeks, is now somewhat better and able to be up a little.

Mrs. E. Shaver of Santa Ana was an Orange visitor Wednesday.

Postoffice Inspector Trout was down from Los Angeles to visit the local post office Wednesday.

Mrs. M. N. Claypool was a Los Angeles visitor Wednesday.

Mr. and Mrs. O. E. Mansur spent Wednesday in Hollywood.

Mr. and Mrs. P. I. Bird made a trip to Los Angeles Wednesday.

Miss Anna Peters resumed duties in Dr. Domann's office yesterday after a few days vacation.

Fred Stever motored to Los Angeles on business Wednesday afternoon.

Walter Crane will resume his duties at the post office Saturday after a pleasant vacation in which he and Mrs. Crane visited the San Francisco fair and other points of interest.

Mr. and Mrs. Floyd Stanley and the former's sister, Miss Alice Stanley of Selma are visiting at the W. N. Griggs home on North Glassell street.

Mrs. E. G. Stinson came home Wednesday from Huntington Beach where she has been spending two weeks.

Mrs. D. F. Rover and Mrs. W. E. Spicer and Mrs. Elmer Dietrich of Santa Ana formed a motor party to Los Angeles Wednesday.

Miss Marjorie Condon returned Wednesday after a week's visit at Huntington Beach.
